6.6 Transfer Students from Accredited Institutions

Students from accredited institutions of higher education may apply for admission in an AU program in the same field of study if they have been of good academic standing, i.e., their Cumulative Grade Point Average (CGPA) is a least 2.0 on a scale of 4.0, or the equivalent, and if (they have not been subjected to academically or disciplinary dismissal).

Any transferred student is required to meet the English Language Proficiency condition and present valid certification (see Section 4.2).

The transfer of credited courses is considered for students who are transferring to a similar program to the one studied previously if:

1. their cumulative grade point average is at least 2.0 on a scale of 4.0, or the equivalent
2. the number of credit hours for the course is not less than that of the AU equivalent course
3. the grade obtained on the previous course must have been at least C (2.0 on a 4.0 scale) irrespective of the course status (Satisfactory, Good, etc...), or the grade that corresponds to “Merit/Good” for institutions using a different grading scale
4. the course content at the institution previously attended should be similar to that of the corresponding course offered at AU

However, students who have not been of good academic standing but not dismissed (i.e. those with a CGPA of less than 2.0 on a scale of 4.0) will be allowed to transfer only to programs in a field distinctly different from the one in which they were enrolled at the institution they previously attended. And only the transfer of credited General Education courses may be considered if points 2,3,4 listed above are fulfilled.

Only grades obtained from courses taken at AU will be taken into account in the calculation of a student’s CGPA, i.e.: grades obtained from transferred courses at the previous institution will not be taken into account in the computation of the CGPA at AU.

It is important to note that AU does not grant transfer students a degree unless they successfully complete at least 50 percent of the credit hours of the program, including the majority of the last 30 credit hours of the program study plan at AU.

NB:

- The transfer of credits for clinical training is permissible only when done in the UAE or in exceptional circumstances, upon review and approval of a waiver to this requirement by the CAA.
- The graduation projects and thesis are not subject to transfer.
- Requires that transfer students meet all of the admission requirements of the receiving institution and program, and does not allow, under any circumstances, transfer students to be admitted under the provisions stipulated for conditional admission;
- A transcript indicating the courses studied at the previous institution is required and it should be certified by MOE.
- The equivalency certificate is required if the degree has been obtained outside UAE.
- A fee AED 500 will be charged for the evaluation of courses to be transferred. The fee will be refunded if the student is admitted only.

6.7 Prior Learning Assessment and Recognition (PLAR)

Ajman University shall recognize certified earlier learning of applicants which may lead to exemption from some University courses. This includes credit transfer of courses taken in an accredited program (formal learning) and non-formal learning.

PLAR policy and procedures:

1. An applicant shall complete a PLAR application form providing complete details of his/her Prior Learning Experience.
2. Submit it to the Office of Admissions and Registration after paying the fee to be re-sent to the designated colleges to do the necessary.
3. A maximum of 30 credit hours can be gained through PLAR. However, in all cases, credits granted through Recognition of Prior Learning (RPL) must not exceed 50% of the total completion requirements including credit transfer of formal learning.
4. For every course that has been successfully recognized against prior learning experience, a grade of 'S' (Standing) shall appear on the transcript. For all such courses, the course classification will be coded as 'PLAR'.
5. PLAR courses shall not be used in determining the cumulative GPA.
6. Unsuccessful applicants have the right of appeal to the College Dean who may submit it for review to the Appeal Committee whose decision shall be final.

6.8 Certification of Documents

Newly-admitted students are requested to have their documents certified before the end of the first semester of study; otherwise their registration will be suspended.

- Secondary school certificates obtained in the UAE must be certificated by the UAE Ministry of Education.
- Secondary certificates obtained abroad must be certificated by the Ministry of Education, and by either the Ministry of Foreign Affairs of the country of origin and the UAE embassy in that country.

6.9 Seat Reservation

Students admitted to Medicine (MBBS Program), Dentistry, Pharmacy, programs are required to pay a seat reservation deposit. This deposit is non-refundable and non-transferable and must be paid before the deadline stated on the letter of admission. This deposit is deductible from the student's fee once the applicant joins Ajman University. If the student asks to defer admission to the following semester and the request is approved, the deposit will be applied to the following semester.

Note: In case of non-payment of seat reservation during the specified period in the acceptance letter, the acceptance will be canceled.

6.10 Course Registration for New Students

Newly-admitted students for programs taught in English who have a TOEFL score of at least 500 or its equivalent will be allowed to register for between nine and 20 credit hours according to their study plan.

Newly-admitted students for programs taught in Arabic who have a minimum TOEFL score of at least 450 or its equivalent will be allowed to register for between nine and 20 credit hours according to their study plan.

Newly-admitted students who have a TOEFL score less than the required will be allowed to register up to 12 credit hours according to their study plan, subject to concurrent registration in the English Proficiency Course

Important: Students are allowed to complete at most 12 credit hours (university requirements) before fulfillment of English Language Proficiency requirement.

If the student does not achieve the required score in the two semesters after his/her admission, the College Council may consider dismissal of the student from his/her program. In this case, the student may be allowed to transfer to another program if he/she satisfies its admission conditions.

Once a student's selected courses have been approved by the academic advisor, and on payment of the tuition fees, the student will obtain an online timetable which states the name of the courses, the schedule of classes, the name of the lecturer and the number of the classroom or the laboratory in which the course is held.

6.11 Course Registration for Continuing Students

Colleges encourage non-warned students (see Section 13 for an explanation of the academic warning system) to use the early registration period to select courses in consultation with their academic advisors. The early registration period is specified in the academic calendar. Warned students and students who did not benefit from the early registration can register during the registration week. See the academic calendar.

Registered AU students may take some courses outside AU provided that they obtain the prior approval of the Dean of the College. Acceptance of the transfer of external courses is conducted according to the criteria outlined in Section 6.6.

6.12 Adding and Dropping Courses

Students may add/drop courses only within the approved period. Students who add and drop courses during the approved period will not lose the fees paid for dropped courses. When adding/dropping courses, students should bear in mind that the minimum number of credit hours for which they may register is nine.

The academic calendar specifies the period allocated for dropping courses without affecting the student's academic record, but without refund of fees. The academic calendar also specifies the last date for withdrawal from a course with a "W" grade without refund of fees. In this case, the course appears in the transcript with the letter "W" with no effect on the computation of the semester Grade Point Average or the CGPA.

6.13 Study Load

A student's "study load" is the number of credit hours for which he or she is registered during the semester. For the fall and spring semesters, the full-time undergraduate student credit load is between 12 and 18 or 20 credits per regular semester (according to the study plan), the part-time undergraduate student credit load if less than 12 credits per regular semester, where one credit hour refers to one lecture hour or two hours of practical study per week, lasting for fifteen weeks. For summer semesters, the study load varies from three to six credit hours. (Exceptions to these limits can only be made for a maximum of an additional 3 credits for students in their final graduation semester).

Students may increase their study load to up to twenty-one credit hours in the fall and spring semesters in the following cases:

- Medicine and Dentistry students
- The student's CGPA was at least 3.6 in the preceding semester
- The student is expected to graduate at the end of the semester and his/her CGPA is at least 2.0

The study load of academically warned students is given in Section 13.

6.14 Time Allowed for Completion of a Degree Program

The maximum time allowed for a student in which he/she may complete a degree program is a maximum of double the regular number of required semesters. In other words, a four-year bachelor degree must be completed in a maximum of 16 regular semesters of enrolment in the program. The minimum time allowed to complete a degree for non-transfer students is a minimum of six regular semesters for four-year programs and eight regular semesters for five-year programs.

The maximum and minimum number of semesters of enrolment for transfer students is determined after the deduction of the number of earned/transferred semesters (15 credits correspond to one semester) from the above limits. Suspended semesters are not counted in the time allowed for students to complete their degree.

6.15 Suspension of Registration

The Suspension request should be applied online on the online registration system (ORS) and the college dean & the registrar approval are required.

Newly-admitted students can only submit a request to suspend their study in their first semester, if they paid the seat reservation deposit, and they have to register courses for the next semester. Otherwise, the student has to apply for new admission.

The total number of semesters for former students that can be suspended is four, approval of the College Dean and the Office of Admissions and Registration is required.

6.16 Right to Cancel Admission/Registration

The University reserves the right to cancel an offer of admission if the applicant fails to satisfy all requirements, or if it is found that admission was obtained through the use of incomplete, falsified, altered or embellished information. In the case of withdrawal of registration from a matriculated student, credits earned at AU will be withheld and no transcript will be issued to the student.

6.17 Student ID Card

Students will receive a university ID card containing their photograph, name, date of birth and AU ID number. The ID card should be carried at all times. It provides access to certain academic buildings and hostels. In addition, the card is required for admission to sports facilities, to sit university exams and to make use of computer facilities.

The loss of an ID card should be reported immediately to the Office of Admissions and Registration. Fraudulent use of an ID card shall result in disciplinary action.

7. Academic Advising

As part of its dedication to academic success, AU is committed to offering high quality academic advising in order to help students in the development and pursuit of academic objectives consistent with their life goals. We believe it is important to empower each student with knowledge, resources and skills that will lead to academic success and lifelong desire to learn inside and outside the classroom. AU faculty members will assist students in learning about academic rules and regulations, policies and procedures, and various student services. Students are encouraged to meet their academic advisors on regular basis and seek their guidance, especially with regards to the following matters:

Peer Mentoring of Students on Probation

Students with CGPA below 2.0 are considered on probation. The advisor shall advise the student to repeat courses with low performance grades (i.e. "F", "D", and "D+") in order to improve the CGPA. Each advisor will provide mentoring for a group of students on probation within his/her department. Mentoring includes peer mentoring, monitoring and progress reporting. The plan for helping students on probation includes:

At the beginning of each semester, a list of students on probation is requested by the Deans of Colleges from the Registrar's office. The Deans will advise Heads of Department to draw corrective actions.

This plan is executed at the departmental level and would include:

1. Holding regular individual meetings with students on probation.
2. Advising students on probation to repeat courses with grades below "C" prior to registering for any further courses.
3. Request students on probation to visit instructors frequently during office hours.
4. Provide students on probation with peer mentoring from senior students.
5. Request students on probation to meet their peer mentor on a regular basis.

The Head of Department will request a feedback report on the performance record of each student on probation from course instructor(s). Each student's progress is monitored through special forms maintained in the Department. The Department Council will discuss the progress of students on probation in each of its regular meetings. Progress reports will be sent to the Dean.

8. Change of Major

First-semester students may apply to transfer from one major to another within the university during the add/drop period. The application is processed through the Office of Admissions and Registration provided that:

- a. The applicant meets the admission requirements of the degree program to which he/she is applying
- b. There is availability of seats
- c. Approval of the deans of both colleges concerned is obtained, along with approval from the registrar.

8.2 Transfer between Programs

Students may transfer from one program to another within the university provided that they satisfy all conditions of section above. In addition, they must satisfy the following:

1. The applicant meets the admission conditions of the program to which he/she is applying
2. The preceding semester's Grade Point Average should be equivalent to that required by the new program
3. The request for transfer should be submitted within the period specified in the academic calendar.

9. Academic Evaluation and Assessment

9.1 Course Assessment

In each registered course, a student's performance is assessed according to a procedure established by the college concerned, and explained in the course plan. The overall score is normally distributed as follows:

- | | |
|----------------------------------|------------|
| a. Semester tests and activities | 50 percent |
| b. Mid-Semester examination | 20 percent |
| c. Final examination | 30 percent |

The score for semester tests and activities includes marks for tests, quizzes, assignments, research and laboratory work. The pass mark in each course is sixty percent.

9.2 Grading System

The university adopts the following grading system for all Undergraduate Programs and Medicine:

	All Programs			Medicine		
Percentage	Grade	Grade Point	Merit	Grade	Grade Point	Merit
90-100	A	4	Excellent	A	4	Excellent
85-89	B+	3.5	Very Good (High)	B+	3.5	Very Good (High)
80-84	B	3	Very Good	B	3	Very Good

70-74	C	2	Good	C	2	Good
65-69	D+	1.5	Pass (High)	F	0	Fail
60-64	D	1	Pass			
Less than 60	F	0	Fail			
N/A	XF	0	Fail (Academic Integrity Violation)	XF	0	Fail (Academic Integrity Violation)
N/A	T	N/A	Transfer	T	N/A	Transfer
N/A	IP	N/A	In Progress	IP	N/A	In Progress
N/A	I	N/A	Incomplete	I	N/A	Incomplete
N/A	S	N/A	PLAR (Prior Learning Assessment and Recognition)	S	N/A	PLAR (Prior Learning Assessment and Recognition)

9.3 Semester Grade Point Average

The semester GPA indicates student performance during the semester, and is calculated as follows: the total of the grade point of each course taken in the semester multiplied by its credit hours, divided by the total number of credit hours registered in the semester.

For example, if a student obtains the results as set out in the table given below, his/her semester grade point average will be computed as follows: $GPA = (9+6+9+12+12+6)/18 = 54/18 = 3$

Subject	Credit Hours	Points	Product of Credit Hours by Point Grade
Mathematics 1	3	3	9
Statistics	3	2	6
Physics I	3	3	9
Islamic Culture	3	4	12
Arabic Language	3	4	12
Psychology	3	2	6
Total	18		54 points

9.4 Cumulative Grade Point Average

The CGPA indicates the student's average performance overall semesters up to the final or current semester. It is calculated as follows: the total of the point grade of each course taken to date, multiplied by its credit hours, divided by the total number of credit hours taken.

If a student repeats a course in which he/she obtained an "F" grade, or does so in order to improve his/her CGPA, the last grade obtained will be considered in the calculation of the CGPA regardless of whether the last grade is higher than the original one or not. However, the original grade will continue to appear in the academic record without affecting the calculation of the CGPA.

The CGPA is also used for academic probation as follows: starting from the end of the second semester of study, if the student's CGPA is less than 2.0, he/she will be regarded as an "academically-warned" student and will be requested to improve his/her academic performance to raise the CGPA to 2.0 or higher. (See Section 11 for the policy regulating the study load of warned students).

A student will not be allowed to graduate unless his/her CGPA is at least 2.0, even if he/she has passed all required courses of the program of study. In this case, and in consultation with the academic advisor, the student must repeat a number of courses of the study plan in order to raise his/her CGPA to 2.0 as a minimum.

9.5 Incomplete Grade

If a student does not attend the final examination due to an emergency and he/she scored at least a total mark of 30 out of 70 in coursework (tests and midterm examination) the course may be considered as "incomplete." Acceptable evidence for failure to attend a final examination due to an emergency consists of the following:

- a. illness certified in a medical report approved by the University Clinic;

- b. death certificate of a first or second degree relative;
- c. arrest or summons before a court or other legal body;
- d. other excuses accepted by the College Council.

In these cases the student must submit an online request within three working days. He/she also must submit the relevant documents. Applications will be processed only if the student has no financial obligation to the university and has paid the fee for an “incomplete request.” Applications submitted by students with a 25 percent absence warning will not be accepted.

Note:

- It is the student’s responsibility to follow-up with the college to determine the date of the exam to remove the incomplete grades according to the date specified in the university calendar.
- A student whose course result is “incomplete” must take the final examination before the end of the first week of the following semester in which he/she registers, as shown in the academic calendar, otherwise grade (F) will be obtained.

9.6 Make-up Exam

Students who have two final exams scheduled at the same time or have three final exams scheduled on the same day, can request to sit for the make-up exam in accordance with the dates scheduled in the academic calendar.

9.7 Examination Re-sits

For a student who fail the last course (other than training and internships) in the program or miss the final exam and do not qualify for an incomplete grade, other than training and internships. He/she can take a re-sit exam if:

- He/she has attended at least 75% of the classes.
- He/she has attended all exams and submitted all assignments.
- he/she not subject to disciplinary penalties to academic violations in the course which he will sit for re-sit exam

NB

- The re-sit exam grade shall be out of 30 (as a regular final exam) for students who achieve a minimum grade of 42/70 in the semester work.
- Students who achieve a semester work grade below 42/70 would be allowed to sit for a comprehensive exam out of 100. The ceiling for the final grade in the course shall be “C”.
- Students with disciplinary penalties due to academic violations may not take a re-sit exam.

There is a charge of 50 percent of the course fees and the student must re-take the final examination before the beginning of the following semester.

9.8 Student Grade Appeal

The student appeal is a request for review of a decision made with respect to a student grade. IT applies to all student members enrolled at Ajman University, and provides a means to request reconsideration of the grade decision.

Grade Complaints concerning final examination results need to be submitted within 15 days following the announcement of examination results. Students may appeal a final grade after it has been posted through formal procedures. Students wishing to appeal a final examination grade result must adhere to the following steps:

Grade Appeal Procedure

1. the student must submit an online request Grade Appeal (complaint), which routed to the Office of Admission and Registration.
2. The Office of Admission & Registration will screen the form to verify that the intended course does not have a prohibited status (has not reached 25% absenteeism from class attendance).
3. Upon clearance and approval from Office of Admissions and Registration the request is routed to the Office of Finance for charges allocation.
4. The application is then routed to the concerned college where deliberations are conducted and the decision is taken.
5. In the event the appeal is rejected and included in the system, an automated email is sent to the student notifying him of the decision. The student can also access the online system to check online the Grade Appeal (complaint) status.
6. In the event the appeal is approved by the college, the decision will be routed to the Office of Admissions and Registration to reflect the approved grade change on the student academic record.
7. The student will receive an email notification on his university email that the request is completed and the changed has taken place. The student is able to verify the completed status of the request by accessing the online system.

10. Supervised Credit-Earning

Colleges may approve supervised credit-earning on selected courses designed for advanced undergraduates that have completed 50 percent of the required credits for graduation. The purpose of such courses is to make it possible to study all the units of a course under the supervision of a faculty member on a meeting session basis. The schedule of these meetings should not be less than 15 contact hours per semester.

The supervised work should cover all the content of the course and meet its objectives. The supervisor must ensure that the course is devoted to advancing students' knowledge and skills as required in the course outline.

Reasons why a student may wish to take a supervised study course include:

- a. To adjust his/her study plan by completing a specific course which is not offered in that semester
- b. To complete a course which is not offered but it is required for graduation during the final semester

- c. To gain additional knowledge and practical experience in designing, conducting, analyzing and documenting coursework

A maximum of nine credit-hours of supervised study can be taken during a student's undergraduate degree program. A student may not register for more than three credit hours of supervised study per semester.

The assessment of the course will be conducted as follows:

- a. Students will be required to sit for a written exam to be evaluated by the supervisor. This exam will be weighted at 20% of the final course mark;
- b. At the end of the semester, students will submit a written report to the supervisor detailing the work carried out. This report will be weighted at 40% of the final course mark;
- c. Students will present their work to an internal examiner who will not be the supervisor. The oral presentation will be weighted at 40% of the final course mark;

The student's final grade for the supervised study course will be determined by the student's supervisor and the internal examiner after evaluation of the student's work, written report, oral presentation and response to questions.

11. Attendance Policy

Attending classes is compulsory for all courses. A student will not be allowed to take the final examination if he/she has missed 25 percent of the classes in a given semester. Absence warning policies are set out below:

- If a student is absent for 10 percent of theoretical and practical class hours, the lecturer will issue a 10 percent absence first warning.
- If a student is absent for 20 percent of theoretical and practical class hours, the lecturer will issue a 20 percent absence second warning.
- If a student is absent for 25 percent of theoretical and practical class hours, the lecturer will issue a 25 percent absence warning and the student will receive the grade of "F."

The Council of Academic and Scientific Affairs may consider a student's withdrawal from the course if sufficient and convincing reason for the absence is submitted to it by the Office of Admissions and Registration.

12. Academic Probation

If a student's CGPA falls below 2.0 in any regular semester, starting from his/her second semester at the university, he/she will receive an academic warning. The Academic Advisor will notify students to submit a letter of undertaking to raise his/her CGPA to at least 2.0 in the following semester.

A student on probation must raise his/her CGPA to at least 2.0 within two semesters, not including the summer session.

The study load of warned students will be reduced, as follows:

1. First warning:

- a. a maximum of 15 credit hours of which three or six credit hours are repeated (the priority is to repeat all the courses with grade F, D or D+ then register for new courses) depending on the CGPA and the previous semester's GPA.
- b. If, following the first warning, the student has still failed to raise his/her CGPA to 2.0 or higher at the end of the following semester (excluding the summer semester), the second warning will be issued.

2. Second warning:

- a. a maximum of 12 credit hours of which six or nine credit hours are repeated (the priority is to repeat all the courses with grade F, D or D+ then register the new courses) depending on the CGPA and the previous semester's GPA.

➤ If a student having a second warning has failed to raise his/her CGPA to 2.0 or higher at the end of the following semester (excluding the summer semester), then the College Council will take one of the following actions:

1. Transfer the concerned students to another program if He/She met the following criteria:

- Accomplishing 35 credit hours or less during their study.
- The CGPA shall not be less than (2.0) points when calculating the courses of General Studies for them.
- Approval of the college to which they are going to transfer.

2. Allowing the concerned student to study outside the University for one academic year if He/She met the following criteria and Regulations :

a. Criteria:

- The completed hours should be more than 35 credit hours.
- The maximum number of courses to be studied outside the university to recover from warnings is 6 courses.

b. Regulations:

- The maximum period allowed to study outside AU is one academic year (including the summer semester).
- Students are not allowed to register new courses other than the recommended courses to study outside of AU.
- The student acknowledges by a commitment that he/she is aware of removing the warning during one academic year only, and if he/she fails to do so, the university will dismiss him academically from the program to which he/she belongs.

3. dismissing the students concerned academically if :

- Credit hours completed 35 hours is or less, and the AGPA of the courses of General Studies is less than (2) points.
- Credit hours completed is more than 35 credit hours, and cannot be recovered from the warnings even by studying 6 courses outside the university

NB:

The student will be dismissed if he / she enters the third academic warning for the second time and will not be entitled to appeal against this decision.

13. Graduation Requirements

A student will be awarded a degree subject to fulfilling the following requirements:

- Completion of all courses of the academic program
- Completion of practical training as specified in the study plan
- A CGPA of at least 2.0
- Submission of Clearance Certificate

The merit of the degree is determined according to the following scale:

31. Glossary of Terms

The terms defined below are mostly based on the definitions given in CAA's *Standards 2019*. Other terms have been added for the sake of completeness.

University.

A large, diverse institution of higher education and research that offers both undergraduate and graduate degrees. Universities are typically composed of a number of colleges or schools devoted to the study of closely related disciplines or a single discipline, such as the College of Engineering or the School of Public Health.

Undergraduate.

A student enrolled on a bachelor's degree or taking undergraduate courses.

Baccalaureate or Bachelor's degree.

In the UAE, a Bachelor's degree normally requires at least four but no more than five years of full-time study, with a minimum of 120 semester credits (or equivalent). The maximum number of hours may vary, but many Bachelor's degrees in professional fields, such as engineering or dentistry, require five years of study and at least 150 semester credits (or equivalent).

Postgraduate Diploma.

A Postgraduate Diploma typically includes one year of full-time study, or at least 24 semester credits (or equivalent) of course work beyond the Bachelor's degree.

Master's degree.

A Master's degree typically requires at least one year of full-time study, or a minimum of 30 semester credits of course work (or equivalent) beyond the Bachelor's degree. The minimum credits are not inclusive of any non-credit bridge courses which may be required. A Master's degree often, though not always, requires a substantial research paper, a thesis, or a project.

Doctorate.

A Doctorate degree typically requires at least three years of full-time study, with at least 54 semester credits (or equivalent) beyond the Master's level. There are several recognized distinctions among those degrees which are generally labeled "doctorate." The biggest distinction is between those doctorates which are "earned" and those which are "honorary." Other distinctions are discipline specific and are usually conveyed through the name of the degree.

- a) **Academic doctorate.** In the UAE, an academic doctorate requires one or more years of coursework beyond the Master's degree, as well as academic research. Doctorates are nearly always awarded in recognition of academic research that is of a publishable standard (even if not actually published) and that represents some original contribution to human knowledge. The research is usually assessed by submission and defense of a doctoral thesis or dissertation. The usual degree title is the PhD (Doctor of Philosophy).
- b) **Professional doctorate.** A professional doctorate requires a minimum of one year of coursework beyond the Master's degree and independent research. The emphasis of the degree is on research skills and advanced professional knowledge in an applied field of specialization. Examples include the Doctor of Education (EdD), Doctor of Psychology (PsyD), and Doctor of Business Administration (DBA).

Course or Module

A *course* consists of a number of instructional activities over a prescribed period of time. It deals with a single subject and is commonly described by title, number, credits, and expected learning outcomes in the institution's *Catalog*. A *module* sometimes refers to a sub-division within a course covering a topic or part of a topic. In the British system, the term *module* is synonymous with *course*.

Program.

The set of courses and other formally established learning experiences which together lead to a qualification (see Curriculum, above). Program may also refer to a specific aspect of the curriculum, such as the General Education program or a study abroad program.

Curriculum.

The term refers both to the range of courses offered by an institution, and to a set of related courses constituting an area of specialization, such as the computer science curriculum or the civil engineering curriculum.

Course Syllabus.

A description of course goals, course learning outcomes, contents, assessment instruments and grading criteria, week-by-week study plan, examination dates, etc. that is provided to the students at the beginning of their classes.

Credit and the Credit System.

The academic credit provides a basis to measure the amount of engaged learning time expected of a typical student. A credit, or credit hour, is a unit of measurement defining the student's overall effort towards attaining a qualification.

In the US system, which is adopted by most UAE institutions, 1 semester credit equals approximately 1 hour of time in class per week over a semester of 15 weeks or longer. (See "Semester" below). It is assumed that a student spends two hours outside of class in independent learning or specific course assignments for every hour in class. This implies that one academic credit equates to a 45-hour commitment to learning over a semester. For laboratory or studio-based courses, the allocation of credit differs; 1 semester credit normally is given for two hours of laboratory or studio time per week over a 15-week semester.

Semester and Term.

A *semester* is a period of time, typically a minimum of 15 weeks, during which an institution offers courses. Some courses may be offered in a time-shortened period, often called a term, such as a summer term or January term, which nonetheless offers class contact time and out-of-class assignments equivalent to a semester course. Some institutions use a calendar that divides the academic year into quarters (10-week instructional periods) rather than semesters.

Academic Calendar.

It represents important semester-specific dates and deadlines for students, academic and administrative departments, and instructors.

Academic Year.

The period of instruction composed of the fall, spring, and summer semesters. The academic year begins at the start of the fall semester and ends after the last day of the summer semester.

Add/Drop Period.

Days set aside by the University for Students to change their study schedule by adding or dropping courses in a specific semester.

Academic Advisor.

A faculty member who advises students on their study plan and course selection, monitors their academic progress, assists in their career planning, and guides in other academic and non-academic matters.

Conditional Admission.

Conditional admission of a student to a college or university is dependent upon the individual successfully completing coursework, or meeting other specified criteria, in order to progress into the full set of courses within the academic program.

Learning Outcomes.

In the context of QF Emirates, this refers to knowledge, skills, and aspects of competence that a learner is expected to know and be able to do at each level of a qualification (see <https://www.nqa.gov.ae/en>).

Credit Transfer.

A system whereby successfully completed units of study contributing towards a degree or diploma can be transferred from one program to another.

Prerequisite.

A course or courses that serve as foundations for continued (advanced) courses. A student must successfully pass a prerequisite course before taking a course for which it is a prerequisite.

Electives.

Courses which are not compulsory for students. Electives may be free—selected by the student from any course offerings, or restricted—chosen from a pre-determined list of options.

Remedial Courses or Programs.

Such courses or programs prepare a student for enrolling in a regular program, and aid the student in rectifying an area or areas of deficiency. Remedial courses are non-credit courses and do not count toward the requirements of an academic qualification.

Bridge Program.

A program intended to “bridge the gap” between a student's prior work and the background required for the program he/she is entering. Typically, such a program would be needed, for instance, by students entering graduate business education where the student's undergraduate major was in an area other than business, or graduate engineering programs where the student's major was in a

different engineering specialty. The courses in a bridge program typically do not carry degree credit. Institutions may choose to require enrolment in bridge programs as a condition of admission. The term “bridge program” is also used in nursing to refer to a Bachelor's degree “top-up” program whose entry level is a Diploma in Nursing.

General Education.

General education is that aspect of an undergraduate curriculum intended to provide students with critical thinking skills; a broad understanding of the approaches to knowledge such as the humanities, the arts, the social sciences or the sciences; a common core of understanding among students (such as in Islamic studies or other cultural studies); and a level of skill appropriate to higher education in mathematics, information literacy, the application of technology and communications (oral and written).

Independent Study.

A course in which a student is individually supervised by a faculty member, which enables a student to undertake a learning opportunity which is otherwise unavailable. Independent study courses must have an appropriate learning plan (typically a syllabus), learning outcomes, end of term evaluations and appropriate assessment. The SPA limit the amount of such credit that can be applied to an undergraduate qualification.

Internship.

The term applies to an experience in which a student has a program-related assignment involving attachment to a recognized business, agency or organization. The internship must be appropriate to the major or program of study of the student. The term “practicum” is usually synonymous with internship.
