A list of institutions with an articulation agreement with AU is made available on the AU's Admissions webpage.

AU ensures that there is a quality oversight of credits awarded and consideration for other accredited institutions. In coordination with the Office of Admissions and Registration, the concerned department representatives with subject matter specialists in making decisions regarding transfer admissions, transfer of credit and advanced standing determine the transfer of credit.

The course transfer documents are reviewed by the evaluators of the respective Department. Acceptance of transfer of credit is not solely dependent on the accreditation status of the sending institution. Also, a credit will not be given twice for substantially the same course taken at two different institutions. AU may accept previous work, but may also determine previous work to have no applicability to a specific degree at AU. AU will fully disclose the evaluation findings and its implications to the students before they decide to enroll. The course credit transfer evaluation takes seven (7) to ten (10) business days from receiving the request. Written notification will be sent to the student prior to admission of the transferability of credit, and how much the accepted credit will be applied to the degree program at AU. Records of all decisions and related documents are maintained by the Office of Admissions and Registration.

- e. If the student asks to defer admission to the following semester and the request is approved, the deposit will be applied to the following semester.

8.4 Student Faculty Ratio

AU's full time equivalent (FTE) student faculty ratio as of 19 September 2021 is 18.65.

	Full-time	Part-time	Headcount	FTE	SFR
Total number of Faculty	265	64	329	286	18.65
Total number of students	4976	1093	6069	5340	

N.B. Data is calculated as per the definition provided by the Center for Higher Education Data and Statistics (CHEDS), Ministry of Education.

8.5 Course Registration for New Students

Newly-admitted students for programs taught in English who have achieved EmSAT English with a minimum score of 1100 or its equivalent will be allowed to register 18 credit hours according to their study plan.

Newly-admitted students for programs taught in Arabic who have achieved EmSAT English with a minimum score of 950 or its equivalent will be allowed to register 18 credit hours according to their study plan.

Newly-admitted students who have an English or Arabic EmSAT score less than the required will be allowed to register up to 12 credit hours according to their study plan, subject to concurrent registration in the English Proficiency Course, and Arabic remedial course.

Important: Students are allowed to complete at most 12 credit hours (university requirements) before fulfillment of English Language Proficiency requirement or Arabic EmSAT.

If the student does not achieve the required score in the two semesters after his/her admission, the College Council may consider dismissal of the student from his/her program. In this case, the student may be allowed to transfer to another program if he/she satisfies its admission conditions.

Once a student's selected courses have been approved by the academic advisor, and the student has paid the tuition fees, the student will obtain an online timetable which states the name of the courses, the schedule of classes, the name of the lecturer and the number of the classroom or the laboratory in which the course is held.

8.6 Course Registration for Continuing Students

Colleges encourage non-warned students (see Section 13 for an explanation of the academic warning system) to use the early registration period to select courses in consultation with their academic advisors. The early registration period is specified in the academic calendar. Warned students and students who did not benefit from the early registration can register during the registration week. See the academic calendar.

Registered AU students may take some courses outside AU provided that they obtain the prior approval of the Dean of the College. Acceptance of the transfer of external courses is conducted according to the criteria outlined in Section 6.6.

8.7 Adding and Dropping Courses

Students may add/drop courses only within the approved period. Students who add and drop courses during the approved period will not lose the fees paid for dropped courses. When adding/dropping courses, students should bear in mind that the minimum number of credit hours for which they may register is nine.

The academic calendar specifies the period allocated for dropping courses without affecting the student's academic record, but without refund of fees. The academic calendar also specifies the last date for withdrawal from a course with a "W" grade without refund of fees. In this case, the course appears in the transcript with the letter "W" with no effect on the computation of the semester Grade Point Average or the CGPA.

8.8 Study Load

A student's "study load" is the number of credit hours for which he or she is registered during the semester. For the fall and spring semesters, the full-time undergraduate student credit load is between 12 and 18 credits per regular semester (according to the study plan), the part-time undergraduate student credit load if less than 12 credits per regular semester, where one credit hour refers to one lecture hour or two hours of practical study per week, lasting for fifteen weeks. For summer semesters, the study load varies from three to six credit hours. (Exceptions to these limits can only be made for a maximum of an additional 3 credits for students in their final graduation semester).

The study load of academically warned students is given in Section 17.

8.9 Time Allowed for Completion of a Degree Program

The maximum time allowed for a student in which he/she may complete a degree program is a maximum of double the regular number of required semesters. In other words, a four-year bachelor degree must be completed in a maximum of 16 regular semesters of enrolment in the program. The minimum time allowed to complete a degree for non-transfer students is a minimum of six regular semesters for four-year programs and eight regular semesters for five-year programs.

The maximum and minimum number of semesters of enrolment for transfer students is determined after the deduction of the number of earned/transferred semesters (15 credits correspond to one semester) from the above limits. Suspended semesters are not counted in the time allowed for students to complete their degree.

8.10 Suspension of Registration

The Suspension request should be applied online on the online registration system (ORS) and the college dean & the registrar approval are required.

Newly-admitted students can only submit a request to suspend their study in their first semester, if they paid the seat reservation deposit, and they have to register courses for the next semester. Otherwise, the student has to apply for new admission.

The total number of semesters for former students that can be suspended is four, approval of the College Dean and the Office of Admissions and Registration is required.

8.11 Right to Cancel Admission/Registration

The University reserves the right to cancel an offer of admission if the applicant fails to satisfy all requirements, or if it is found that admission was obtained through the use of incomplete, falsified, altered or embellished information. In the case of withdrawal of registration from a matriculated student, credits earned at AU will be withheld and no transcript will be issued to the student.

8.12 Student ID Card

Students will receive a university ID card containing their photograph, name, date of birth and AU ID number. The ID card should be carried at all times. It provides access to certain academic buildings and hostels. In addition, the card is required for admission to sports facilities, to sit university exams and to make use of computer facilities.

The loss of an ID card should be reported immediately to the Office of Admissions and Registration. Fraudulent use of an ID card shall result in disciplinary action.

9. Academic Advising

As part of its dedication to academic success, AU is committed to offering high quality academic advising in order to help students in the development and pursuit of academic objectives consistent with their life goals. Academic advising is an ongoing process that connects students to the university. We believe it is important to empower each student with knowledge, resources and skills that will lead to academic success and lifelong desire to learn inside and outside the classroom. Although academic advising is an integral part of the faculty responsibility, students are ultimately responsible for their decisions. AU faculty members will assist students in learning about academic rules and regulations, policies and procedures, and various student services. They shall also assist them in properly evaluating and realizing their educational and career options. Students are encouraged to meet their academic advisors on regular basis and seek their guidance, especially with regards to the following matters:

- Explanation of study plan and selection of appropriate courses for registration in each semester.
- Progress towards completing the program as per their study plan and discussion about their performance indicators.

4. Refer advisee to appropriate resources for both academic and non-academic concerns
5. Cooperatively evaluate and assess your academic performance and areas of strength while assisting in selecting courses.
6. Encourage advisees' participation in co-curricular activities.
7. Ensure that advisees are aware of opportunities and benefits available at AU.
8. Maintain confidentiality.
9. A graduation progress check sheet for each advisee.

Peer Advisor Responsibilities

AU peer advisors are continuing senior students who work primarily with students on probation. They are chosen from a select group of students and complete an interview and training process.

Peer advisors are entrusted with:

- I. assisting students in choosing courses;
- II. familiarizing students with academic policies and regulations;
- III. showing students the resources on campus;
- IV. offering advising based on their own experience.

Peer advisors serve six purposes, as they:

- I. Help new students and students in probation at AU;
- II. Help advisees master basic academic processes;
- III. Teach students skills for success (i.e. time management, study skills, etc.);
- IV. Act as referral source;
- V. Offer an alternative point of view to staff/faculty advisors;
- VI. Set examples of successful students.

Student Responsibilities

The advising process depends on the thoughtful participation of students. Students must assume the following responsibilities:

1. Become familiar with their advisors and advisor offices by initiating contact and seeking assistance on a regular basis through email, phone, and individual appointment.
2. It is the student's responsibility to know the terms, conditions dates, and deadlines in the student Undergraduate and Graduate Catalogs, as well as the student Handbook; and upon receipt of the university ID, the student agrees to the terms and conditions outlined in the Catalogs and Handbook.
3. Come prepared and on time to meetings with their advisor.
4. Ask for clarification if the advisor fails to explain an issue or concern in a way that makes sense to the student.
5. Read all email communication from the advisor and other AU departments.
6. Inform their advisor of problems and concerns which may impact their academic performance as soon as possible.
7. Familiarize themselves with requirements for graduation and other requirements, published through different media.
8. Maintain their own advising folders and take them to every advising session. For undergraduate students, the folder should include:
 - Copies of prior university transcripts;
 - Transcripts;
 - Current semester timetable;
 - An individual study plan;
 - Previous advising notes.
9. Seek academic advising whenever it is needed.
10. Develop an individual study plan. The individual study plan must be approved by the student's appropriate advisor.
11. Be responsible for choosing their own classes on the basis of their decisions as well as the academic advice that has been given.
12. Feel free to evaluate the academic advising program and their academic advisors by filling in a feedback form.

13. Meet with their advisor on a regular basis if they are on academic warning or probation.

Peer Mentoring of Students on Probation

Students with CGPA below 2.0 are considered on probation. The advisor shall advise the student to repeat courses with low performance grades (i.e. “F”, “D”, and “D+”) in order to improve the CGPA. Each advisor will provide mentoring for a group of students on probation within his/her department. Mentoring includes peer mentoring, monitoring and progress reporting. The plan for helping students on probation includes:

At the beginning of each semester, a list of students on probation is requested by the Deans of Colleges from the Registrar’s office. The Deans will advise Heads of Department to draw corrective actions.

This plan is executed at the departmental level and would include:

1. Holding regular individual meetings with students on probation.
2. Advising students on probation to repeat courses with grades below “C” prior to registering for any further courses.
3. Request students on probation to visit instructors frequently during office hours.
4. Provide students on probation with peer mentoring from senior students.
5. Request students on probation to meet their peer mentor on a regular basis.

The Head of Department will request a feedback report on the performance record of each student on probation from course instructor(s). Each student’s progress is monitored through special forms maintained in the Department. The Department Council will discuss the progress of students on probation in each of its regular meetings. Progress reports will be sent to the Dean.

10. Change of Major

10.1 New Students

First-semester students may apply to transfer from one major to another within the university during the add/drop period. The application is processed through the Office of Admissions and Registration provided that:

- a. The applicant meets the admission requirements of the degree program to which he/she is applying
- b. There is availability of seats
- c. Approval of the deans of both colleges concerned is obtained, along with approval from the registrar.

10.2 Transfer between Programs

Students may transfer from one program to another within the university provided that they satisfy all conditions of section above. In addition, they must satisfy the following:

1. The applicant meets the admission conditions of the program to which he/she is applying
2. The preceding semester's Grade Point Average should be equivalent to that required by the new program
3. The request for transfer should be submitted within the period specified in the academic calendar.

11. Academic Evaluation and Assessment

11.1 Course Assessment

In each registered course, a student's performance is assessed according to a procedure established by the college concerned, and explained in the course plan. The overall score is normally distributed as follows:

- Semester tests and activities 50 percent
- Mid-Semester examination 20 percent
- Final examination 30 percent

The score for semester tests and activities includes marks for tests, quizzes, assignments, research and laboratory work. The pass mark in each course is sixty percent.

11.2 Grading System

The university adopts the following grading system for all Undergraduate Programs and Medicine:

	All Programs			Medicine		
Percentage	Grade	Grade Point	Merit	Grade	Grade Point	Merit
90-100	A	4	Excellent	A	4	Excellent
85-89	B+	3.5	Very Good (High)	B+	3.5	Very Good (High)
80-84	B	3	Very Good	B	3	Very Good
75-79	C+	2.5	Good (High)	C+	2.5	Good (High)
70-74	C	2	Good	C	2	Good
65-69	D+	1.5	Pass (High)	F	0	Fail
60-64	D	1	Pass			
Less than 60	F	0	Fail			
N/A	XF	0	Fail (Academic Integrity Violation)	XF	0	Fail (Academic Integrity Violation)
N/A	T	N/A	Transfer	T	N/A	Transfer
N/A	IP	N/A	In Progress	IP	N/A	In Progress
N/A	I	N/A	Incomplete	I	N/A	Incomplete
N/A	S	N/A	PLAR (Prior Learning Assessment and Recognition)	S	N/A	PLAR (Prior Learning Assessment and Recognition)

11.3 Semester Grade Point Average

The semester GPA indicates student performance during the semester and is calculated as follows: the total of the grade point of each course taken in the semester multiplied by its credit hours, divided by the total number of credit hours registered in the semester.

For example, if a student obtains the results as set out in the table given below, his/her semester grade point average will be computed as follows: $GPA = (9+6+9+12+12+6)/18 = 54/18 = 3$

Subject	Credit Hours	Points	Product of Credit Hours by Point Grade
Mathematics 1	3	3	9
Statistics	3	2	6
Physics I	3	3	9
Islamic Culture	3	4	12
Arabic Language	3	4	12
Psychology	3	2	6
Total	18		54 points

11.4 Cumulative Grade Point Average

The CGPA indicates the student's average performance overall semesters up to the final or current semester. It is calculated as follows: the total of the point grade of each course taken to date, multiplied by its credit hours, divided by the total number of credit hours taken.

If a student repeats a course in which he/she obtained an "F" grade, or does so in order to improve his/her CGPA, the last grade obtained will be considered in the calculation of the CGPA regardless of whether the last grade is higher than the original one or not. However, the original grade will continue to appear in the academic record without affecting the calculation of the CGPA.

The CGPA is also used for academic probation as follows: starting from the end of the second semester of study, if the student's CGPA is less than 2.0, he/she will be regarded as an "academically-warned" student and will be requested to improve his/her academic performance to raise the CGPA to 2.0 or higher. (See Section 13 for the policy regulating the study load of warned students).

A student will not be allowed to graduate unless his/her CGPA is at least 2.0, even if he/she has passed all required courses of the program of study. In this case, and in consultation with the academic advisor, the student must repeat a number of courses of the study plan in order to raise his/her CGPA to 2.0 as a minimum.

11.5 Incomplete Grade

If a student does not attend the final examination due to an emergency and he/she scored at least a total mark of 30 out of 70 in coursework (tests and midterm examination) the course may be considered as "incomplete." Acceptable evidence for failure to attend a final examination due to an emergency consists of the following:

- illness certified in a medical report approved by the University Clinic;
- death certificate of a first or second-degree relative;
- arrest or summons before a court or other legal body;
- other excuses accepted by the College Council.

In these cases, the student must submit an online request within three working days. He/she also must submit the relevant documents. Applications will be processed only if the student has no financial obligation to the university and has paid the fee for an “incomplete request.” Applications submitted by students with a 25 percent absence warning will not be accepted.

Note:

7. It is the student’s responsibility to follow up with the college to determine the date of the exam to remove the incomplete grades according to the date specified in the university calendar.
8. A student whose course result is “incomplete” must take the final examination before the end of the first week of the following semester in which he/she registers, as shown in the academic calendar, otherwise a grade (F) will be obtained.

11.6 Make-up Exam

Students who have two final exams scheduled at the same time or have three final exams scheduled on the same day, can request to sit for the make-up exam in accordance with the dates scheduled in the academic calendar.

11.7 Examination Re-sits

For a student who fail the last course (other than training and internships) in the program or miss the final exam and do not qualify for an incomplete grade, other than training and internships. He/she can take a re-sit exam if:

- He/she has attended at least 75% of the classes.
- He/she has attended all exams and submitted all assignments.
- he/she not subject to disciplinary penalties to academic violations in the course which he will sit for re-sit exam

NB

- The re-sit exam grade shall be out of 30 (as a regular final exam) for students who achieve a minimum grade of 42/70 in the semester work.
- Students who achieve a semester work grade below 42/70 would be allowed to sit for a comprehensive exam out of 100. The ceiling for the final grade in the course shall be “C”.
- Students with disciplinary penalties due to academic violations may not take a re-sit exam.

There is a charge of 50 percent of the course fees and the student must re-take the final examination before the beginning of the following semester.

11.8 Student Grade Appeal

The student appeal is a request for review of a decision made with respect to a student grade. IT applies to all student members enrolled at Ajman University, and provides a means to request reconsideration of the grade decision.

Grade Complaints concerning final examination results need to be submitted within 15 days following the announcement of examination results. Students may appeal a final grade after it has been posted through formal procedures. Students wishing to appeal a final examination grade result must adhere to the following steps:

Grade Appeal Procedure

1. the student must submit an online request Grade Appeal (complaint), which routed to the Office of Admission and Registration.
2. The Office of Admission & Registration will screen the form to verify that the intended course does not have a prohibited status (has not reached 25% absenteeism from class attendance).
3. Upon clearance and approval from Office of Admissions and Registration the request is routed to the Office of Finance for charges allocation.
4. The application is then routed to the concerned college where deliberations are conducted and the decision is taken.
5. In the event the appeal is rejected and included in the system, an automated email is sent to the student notifying him of the decision. The student can also access the online system to check online the Grade Appeal (complaint) status.
6. In the event the appeal is approved by the college, the decision will be routed to the Office of Admissions and Registration to reflect the approved grade change on the student academic record.
7. The student will receive an email notification on his university email that the request is completed and the changed has taken place. The student is able to verify the completed status of the request by accessing the online system.

12. Supervised Credit-Earning

Colleges may approve supervised credit-earning on selected courses designed for advanced undergraduates that have completed 50 percent of the required credits for graduation. The purpose of such courses is to make it possible to study all the units of a course under the supervision of a faculty member on a meeting session basis. The schedule of these meetings should not be less than 15 contact hours per semester.

The supervised work should cover all the content of the course and meet its objectives. The supervisor must ensure that the course is devoted to advancing students' knowledge and skills as required in the course outline.

Reasons why a student may wish to take a supervised study course include:

- a. To adjust his/her study plan by completing a specific course which is not offered in that semester
- b. To complete a course which is not offered but it is required for graduation during the final semester
- c. To gain additional knowledge and practical experience in designing, conducting, analyzing and documenting coursework

A maximum of nine credit-hours of supervised study can be taken during a student's undergraduate degree program. A student may not register for more than three credit hours of supervised study per semester.

The assessment of the course will be conducted as follows:

- a. Students will be required to sit for a written exam to be evaluated by the supervisor. This exam will be weighted at 20% of the final course mark;
- b. At the end of the semester, students will submit a written report to the supervisor detailing the work carried out. This report will be weighted at 40% of the final course mark;
- c. Students will present their work to an internal examiner who will not be the supervisor. The oral presentation will be weighted at 40% of the final course mark;

The student's final grade for the supervised study course will be determined by the student's supervisor and the internal examiner after evaluation of the student's work, written report, oral presentation and response to questions.

13. Attendance Policy

Attending classes is compulsory for all courses. A student will not be allowed to take the final examination if he/she has missed 25 percent of the classes in a given semester. Absence warning policies are set out below:

- If a student is absent for 10 percent of theoretical and practical class hours, the lecturer will issue a 10 percent absence first warning.
- If a student is absent for 20 percent of theoretical and practical class hours, the lecturer will issue a 20 percent absence second warning.
- If a student is absent for 25 percent of theoretical and practical class hours, the lecturer will issue a 25 percent absence warning and the student will receive the grade of "F."

The Council of Academic and Scientific Affairs may consider a student's withdrawal from the course if sufficient and convincing reason for the absence is submitted to it by the Office of Admissions and Registration.

14. Academic Probation

If a student's CGPA drops below 2.0 in any regular semester, starting from the second semester at the University, he/she receives an academic warning and is placed on academic probation by the Registrar's Office. The students and his/her sponsor (if any) will be notified of the academic probation status via email, and the student status will be updated on his/her transcript.

The study load of warned students is restricted as follows:

1. First warning:

A student may register for a maximum of 15 credit hours, of which three or six credits hours are repeated (the priority is for courses with F, D, or D+ grades) depending on the CGPA.

- If a student fails to raise his/her CGPA to 2.0 or above at the end of the semester subsequent to the first academic warning (excluding the summer semester), he/ she is issued a second academic warning.

2. Second warning:

A student may register for a maximum of 12 credit hours, of which six or nine credit hours are repeated (the priority is for courses with F, D, or D+ grades) depending on the CGPA

- If a student fails to raise his/her CGPA to 2.0 or higher at the end of the semester subsequent to the second academic warning (excluding the summer semester), he/she is issued a third academic warning. In this case, the College Council decides on one of the following measures to address the status of the warned student as follows:

1. transferring the warned student to another program if he/she meets the following criteria:

- The student has completed a total 35 credit hours or less during his/her study.
- The CGPA of the General Education courses is not below (2.0)
- A transfer request is approved by the receiving College

2. suspending the student for a maximum of one academic year during which he/she would be required to complete or repeat a maximum of 18 credits at another accredited institution provided that he/she has completed more than 35 credit hours at AU.

In exceptional circumstances, the student may submit a petition with the supporting documents to extend the one-year duration to complete the required courses and recover from the warning status.

The student must get an approval (from his/her college) for the courses to be registered at the other institution.

The student commits in writing to recover from an academic warning during the suspension period, and acknowledges that failure to do so may result in final academic dismissal from the program.

3. dismissing the academically warned student if:

- The student has completed 35 credit hours or less at AU, and the CGPA of General Education Courses is below (2.0).
- The student completed more than 35 credit hours at AU, yet he/she would not be able to recover from the academic warning by taking 18 credit hours outside AU.

Incurring a third academic warning for a second-time results in final academic dismissal of the student without any chance for petitioning.

15. Graduation Requirements

A student will be awarded a degree subject to fulfilling the following requirements:

- Completion of all courses of the academic program
- Completion of practical training as specified in the study plan
- A CGPA of at least 2.0

The merit of the degree is determined according to the following scale:

Scaling System for Graduation

Cumulative GPA	Merit	Cumulative GPA for Medicine	Merit for medicine
From 3.8 to 4.0	Excellent with Honor	From 3.8 to 4.0	Excellent with Honor
From 3.6 to less than 3.8	Excellent	From 3.6 to less than 3.8	Excellent
From 3.0 to less than 3.6	Very Good	From 3.0 to less than 3.6	Very Good
From 2.5 to less than 3.0	Good	From 2.5 to less than 3.0	Good
From 2.0 to less than 2.5	Satisfactory		

16. Major/Minor

AU students are eligible to enroll for a minor while they are pursuing their major after they have completed 75% or more credit hours from their study plan with minimum Cumulative GPA (CGPA) of 2.5 . Also, their application for major/minor must be submitted prior to the specified deadline, which is one week before the last day of the add/drop period of their expected graduation semester. The approvals of both the Dean of the college offering the major and the Dean of the college where student is seeking a minor are required for admission of the student to the requested minor. The primary academic advisor of the student will continue to serve as advisor for both major and minor. However, the academic advisor may seek assistance and cooperation from the department or college offering the selected minor.

The completion requirements for the minor, including the prerequisites required to take the specified courses, are well defined for all minors offered by Ajman University. Students enrolled in major/minor must satisfy all the degree completion requirements of the major as well as all stated completion requirements of the minor.

The student's transcript and degree certificate will indicate the major. The minor completed at the time of graduation will be indicated on the student's transcript. For graduation, the student must obtain a cumulative GPA of at least 2.0 in all subjects related to the major, as per the approved study plan, as well as a cumulative GPA of 2.0 in subjects required for the selected Minor. The cumulative GPA of the major shall be calculated based on all courses in the approved study plan. The cumulative GPA of minor shall be determined based on the list of courses specified for successful completion of the minor.

The CGPA mentioned on the transcript shall be the overall CGPA calculated based on all courses of major in the approved study plan as well as the additional courses taken to satisfy the requirements of the minor. Furthermore, the degree certificate shall mention the corresponding merit (Excellent, Very Good, Good, ...) for the overall CGPA of major and minor courses as mentioned above.

16. Glossary of Terms

The terms defined below are mostly based on the definitions given in CAA's *Standards 2019*. Other terms have been added for the sake of completeness.

University.

A large, diverse institution of higher education and research that offers both undergraduate and graduate degrees. Universities are typically composed of a number of colleges or schools devoted to the study of closely related disciplines or a single discipline, such as the College of Engineering or the School of Public Health.

Undergraduate.

A student enrolled on a bachelor's degree or taking undergraduate courses.

Baccalaureate or Bachelor's degree.

In the UAE, a Bachelor's degree normally requires at least four but no more than five years of full-time study, with a minimum of 120 semester credits (or equivalent). The maximum number of hours may vary, but many Bachelor's degrees in professional fields, such as engineering or dentistry, require five years of study and at least 150 semester credits (or equivalent).

Postgraduate Diploma.

A Postgraduate Diploma typically includes one year of full-time study, or at least 24 semester credits (or equivalent) of course work beyond the Bachelor's degree.

Master's degree.

A Master's degree typically requires at least one year of full-time study, or a minimum of 30 semester credits of course work (or equivalent) beyond the Bachelor's degree. The minimum credits are not inclusive of any non-credit bridge courses which may be required. A Master's degree often, though not always, requires a substantial research paper, a thesis, or a project.

Doctorate.

A Doctorate degree typically requires at least three years of full-time study, with at least 54 semester credits (or equivalent) beyond the Master's level. There are several recognized distinctions among those degrees which are generally labeled "doctorate." The biggest distinction is between those doctorates which are "earned" and those which are "honorary." Other distinctions are discipline specific and are usually conveyed through the name of the degree.

- a) **Academic doctorate.** In the UAE, an academic doctorate requires one or more years of coursework beyond the Master's degree, as well as academic research. Doctorates are nearly always awarded in recognition of academic research that is of a publishable standard (even if not actually published) and that represents some original contribution to human knowledge. The research is usually assessed by submission and defense of a doctoral thesis or dissertation. The usual degree title is the PhD (Doctor of Philosophy).
- b) **Professional doctorate.** A professional doctorate requires a minimum of one year of coursework beyond the Master's degree and independent research. The emphasis of the degree is on research skills and advanced professional knowledge in an applied field of specialization. Examples include the Doctor of Education (EdD), Doctor of Psychology (PsyD), and Doctor of Business Administration (DBA).

Course or Module

A *course* consists of a number of instructional activities over a prescribed period of time. It deals with a single subject and is commonly described by title, number, credits, and expected learning outcomes in the institution's *Catalog*. A *module* sometimes refers to a sub-division within a course covering a topic or part of a topic. In the British system, the term *module* is synonymous with *course*.

Program.

The set of courses and other formally established learning experiences which together lead to a qualification (see Curriculum, above). Program may also refer to a specific aspect of the curriculum, such as the General Education program or a study abroad program.

Curriculum.

The term refers both to the range of courses offered by an institution, and to a set of related courses constituting an area of specialization, such as the computer science curriculum or the civil engineering curriculum.

Course Syllabus.

A description of course goals, course learning outcomes, contents, assessment instruments and grading criteria, week-by-week study plan, examination dates, etc. that is provided to the students at the beginning of their classes.

Credit and the Credit System.

The academic credit provides a basis to measure the amount of engaged learning time expected of a typical student. A credit, or credit hour, is a unit of measurement defining the student's overall effort towards attaining a qualification.

In the US system, which is adopted by most UAE institutions, 1 semester credit equals approximately 1 hour of time in class per week over a semester of 15 weeks or longer. (See "Semester" below). It is assumed that a student spends two hours outside of class in independent learning or specific course assignments for every hour in class. This implies that one academic credit equates to a 45-hour commitment to learning over a semester. For laboratory or studio-based courses, the allocation of credit differs; 1 semester credit normally is given for two hours of laboratory or studio time per week over a 15-week semester.

Semester and Term.

A *semester* is a period of time, typically a minimum of 15 weeks, during which an institution offers courses. Some courses may be offered in a time-shortened period, often called a term, such as a summer term or January term, which nonetheless offers class contact time and out-of-class assignments equivalent to a semester course. Some institutions use a calendar that divides the academic year into quarters (10-week instructional periods) rather than semesters.

Academic Calendar.

It represents important semester-specific dates and deadlines for students, academic and administrative departments, and instructors.

Academic Year.

The period of instruction composed of the fall, spring, and summer semesters. The academic year begins at the start of the fall semester and ends after the last day of the summer semester.

Add/Drop Period.

Days set aside by the University for Students to change their study schedule by adding or dropping courses in a specific semester.

Academic Advisor.

A faculty member who advises students on their study plan and course selection, monitors their academic progress, assists in their career planning, and guides in other academic and non-academic matters.

Conditional Admission.

Conditional admission of a student to a college or university is dependent upon the individual successfully completing coursework, or meeting other specified criteria, in order to progress into the full set of courses within the academic program.

Learning Outcomes.

In the context of QFEmirates, this refers to knowledge, skills, and aspects of competence that a learner is expected to know and be able to do at each level of a qualification (see <https://www.nqa.gov.ae/en>).

Credit Transfer.

A system whereby successfully completed units of study contributing towards a degree or diploma can be transferred from one program to another.

Prerequisite.

A course or courses that serve as foundations for continued (advanced) courses. A student must successfully pass a prerequisite course before taking a course for which it is a prerequisite.

Electives.

Courses which are not compulsory for students. Electives may be free—selected by the student from any course offerings, or restricted—chosen from a pre-determined list of options.

Remedial Courses or Programs.

Such courses or programs prepare a student for enrolling in a regular program, and aid the student in rectifying an area or areas of deficiency. Remedial courses are non-credit courses and do not count toward the requirements of an academic qualification.

Bridge Program.

A program intended to “bridge the gap” between a student's prior work and the background required for the program he/she is entering. Typically, such a program would be needed, for instance, by students entering graduate business education where the student’s undergraduate major was in an area other than business, or graduate engineering programs where the student’s major was in a different engineering specialty. The courses in a bridge program typically do not carry degree credit. Institutions may choose to require enrolment in bridge programs as a condition of admission. The term “bridge program” is also used in nursing to refer to a Bachelor's degree “top-up” program whose entry level is a Diploma in Nursing.

General Education.

General education is that aspect of an undergraduate curriculum intended to provide students with critical thinking skills; a broad understanding of the approaches to knowledge such as the humanities, the arts, the social sciences or the sciences; a common core of understanding among students (such as in Islamic studies or other cultural studies); and a level of skill appropriate to higher education in mathematics, information literacy, the application of technology and communications (oral and written).

Independent Study.

A course in which a student is individually supervised by a faculty member, which enables a student to undertake a learning opportunity which is otherwise unavailable. Independent study courses must have an appropriate learning plan (typically a syllabus), learning outcomes, end of term evaluations and appropriate assessment. The SPA limit the amount of such credit that can be applied to an undergraduate qualification.

Internship.

The term applies to an experience in which a student has a program-related assignment involving attachment to a recognized business, agency or organization. The internship must be appropriate to the major or program of study of the student. The term “practicum” is usually synonymous with internship.
