3. History of AU

Ajman University was founded in 1988 as a non-conventional private institution of higher education. The university was established by His Highness Sheikh Humaid Bin Rashid Al-Nuaimi, Member of the Supreme Council and Ruler of Ajman. On 17th June 1988, His Highness issued an Emiri Decree establishing Ajman University College of Science and Technology (AUCST), as AUST was then called, and the first intake of students commenced its learning journey at AUCST on 15th September that year. The Ministry of Education - Higher Education Affairs decree No 54 of 1997, brought a name change to AUCST as it became Ajman University of Science and Technology (AUST). The name of the university has been changed from Ajman University of Science and Technology (AUST) to Ajman University (AU) starting from 26th of Oct. 2016. AU offers 22 accredited undergraduate programs and 14 accredited graduate programs. The aim of these programs is to provide the community with competent graduates capable of using technology and its applications for the development of UAE society.

A list of institutions with an articulation agreement with AU shall be made available on the AU's Admissions webpage.

AU ensures that there is a quality oversight of credits awarded and consideration for other accredited institutions. applied to the degree program at AU. Records of all decisions and related documents are maintained by the Office of Registration.

2. In special cases, if the student can graduate within the time allowed for completion of a degree program and the study plan is still activated, re-enrollment of the student with the same ID and in the same program will be considered after the payment of the required fees of (300Dhs).

8.1 Student Faculty Ratio

AU's full time equivalent (FTE) student faculty ratio as of Fall semester 2022-2023 is 18.4.

Fall 2022-23						
Students			Faculty			SFR
Fulltime	Part-time	S-FTE	Fulltime	Part-time	F-FTE	18.4
4722	1014	5060	253	66	275	

8.2 Course Registration for New Students

Newly full admitted students will be allowed to register 18 credit hours according to their study plan.

Newly- conditionally admitted students will be allowed to register for up to 12 credit hours according to their study plan.

Important: Conditional admitted Students may be allowed to register no more than 12 credit hours (General Education Courses) in the semester before fulfillment of the admission requirements.

If the student does not achieve the admission requirements in the first semesters after his/her admission, the College Council may consider dismissal of the student from his/her program. In this case, the student may be allowed to transfer to another program if he/she satisfies its admission conditions.

Once a student's selected courses have been approved by the academic advisor, and the student has paid the tuition fees, the student will obtain an online timetable that states the name of the courses, the schedule of classes, the name of the lecturer, and the number of the classroom or the laboratory in which the course is held.

8.3 Course Registration for Continuing Students

Colleges encourage non-warned students (see Section 14 for an explanation of the academic warning system) to use the early registration period to select courses in consultation with their academic advisors. The early registration period is specified in the academic calendar. Warned students and students who did not benefit from the early registration can register during the registration week. See the academic calendar.

Registered AU students may take some courses outside AU provided that they obtain the prior approval of the Dean of the College. Acceptance of the transfer of external courses is conducted according to the criteria outlined in the transfer courses from another institute.

Adding and Dropping Courses

Students may add/drop courses only within the approved period. Students who add and drop courses during the approved period will not lose the fees paid for dropped courses. When adding/dropping courses, students should bear in mind that the minimum number of credit hours for which they may register is nine.

The academic calendar specifies the period allocated for dropping courses without affecting the student's academic record, but without refund of fees. The academic calendar also specifies the last date for withdrawal from a course with a "W" grade without refund of fees. In this case, the course appears in the transcript with the letter "W" with no effect on the computation of the Semester Grade Point Average or the CGPA.

8.4 Study Load

A student's "study load" is the number of credit hours for which he or she is registered during the semester. For the full-time undergraduate student credit load is between 12 and 18 credits per regular semester (according to the study plan), and the part-time undergraduate student credit load is less than 12 credits per regular semester, where one credit hour refers to one lecture hour or two hours of practical study per week, lasting for fifteen weeks. For summer semesters, the study load varies from three to six credit hours. (Exceptions to these limits can only be made for a maximum of an additional 3 credits for students in their final graduation semester).

The study load of academically warned students is given in Section 14.

8.5 Time Allowed for Completion of a Degree Program

The maximum time allowed for a student in which he/she may complete a degree program is a maximum of double the regular number of required semesters. In other words, a four-year bachelor's degree must be completed in a maximum of 16 regular semesters of enrolment in the program. The minimum time allowed to complete a degree for non-transfer students is a minimum of six regular semesters for four-year programs and eight regular semesters for five-year programs.

The maximum and the minimum number of semesters of enrolment for transfer students is determined after the deduction of the number of earned/transferred semesters (15 credits correspond to one semester) from the above limits. Suspended semesters are not counted in the time allowed for students to complete their degrees.

8.6 Suspension of Registration

The Suspension request should be applied online on the online registration system (ORS) and the college dean and the registrar's approval are required. In addition to other related offices.

- Newly-admitted students can only submit a request to suspend their study in their first semester if they paid the seat reservation deposit, and they have to register courses for the next semester. Otherwise, the student has to apply for new admission.
- Former students can submit a request to suspend their study knowing that The total number of suspended semesters for former students is a maximum of four.

8.7 Right to Cancel Admission/Registration

The University reserves the right to cancel an offer of admission if the applicant fails to satisfy all requirements, or if it is found that admission was obtained through the use of incomplete, falsified, altered or embellished information. In the case of withdrawal of registration from a matriculated student, credits earned at AU will be withheld and no transcript will be issued to the student.

8.8 Student ID Card

Students will receive a university ID card containing their photograph, name, date of birth, and AU ID number (the student ID card will be valid for all the period expected to complete the program). The ID card should be carried at all times. It provides access to certain academic buildings and hostels. In addition, the card is required for admission to sports facilities, to sit university exams, and to make use of AU facilities.

The loss of an ID card should be reported immediately to the Office of Registration. By the ORS requests request system, a fee will be chargeable. Fraudulent use of an ID card shall result in disciplinary action.

9. Academic Advising Policy

Introduction

As part of its dedication to academic success, AU is committed to providing high quality academic advising in order to help students in the development and pursuit of academic objectives consistent with their career goals. The academic advising role has been created to enhance the levels of academic advice and support that students receive throughout their time at AU, leading to improved progression and successful career transition. Students will have opportunity throughout their academic journey to work closely with an academic advisor to reflect on their current progress and make clear plans for development and improvement. Academic advising is an ongoing process that connects students to the university. Academic advisors provide guidance to students in taking responsibility for their own learning, and in developing meaningful educational plans. Academic advising will aim at empowering each student with adequate and timely guidance, recommend resources and make referral to services that are capable of helping advance the students' skills that will lead to academic success and desire for lifelong learning. This policy aims to streamline the advising process and makes its implementation more efficient by the advisors.

Purpose

AU provides current and prospective students, academic advice that is accurate, consistent, and timely to support students to develop meaningful educational plans compatible with career and life goals. The purpose of this policy is to:

As of the second semester, the new faculty member takes over a maximum of 12 students s/he had been co-advising. Starting from the third semester, the new faculty member is assigned a regular advising load proportionate to their teaching load.
9. The following table describes the recommended advising and co-advising loads:

Description	Annual Advising Load	Annual Co-advising Load	Total Annual Advising and Co-advising Loads
Existing Faculty (including CAAD lecturers)	24	0	24
New Faculty (1 st year only)	12 (2 nd joining semester)	12 (1 st joining semester)	24
GEP Lecturers (for freshman students only)	30	0	30
Senior Instructors, Instructors, and Assistant Instructors	0	30	30

10. Under special and strict circumstances, an advisee may request to change his/her academic advisor. This must be assessed by the Deanship of the pertaining college.

Colleges and Departments Responsibilities

Academic advising is a primary responsibility of the faculty members in each college. Only faculty members should be assigned as academic advisors to students in the Banner system with support (if required) from the lead advisor. Academic advising should be integrally related to the rest of the educational process. It is the responsibility of departments, colleges, and Student Services to:

1. Ensure that advising is available for students when they need or wish it rather than merely when the College requires it. This means that advising opportunities will be available to students throughout the academic year at regular, reasonable intervals.

 - viii. Academic calendar and important due dates.
3. Assign an experienced academic Lead advisor.

10. Change of Major

10.1 New Students

First-semester students may apply to transfer from one major to another within the university during the add/drop period. The application is processed through the Office of Registration provided that:

- a. The applicant meets the admission requirements of the degree program to which he/she is applying
- b. There is the availability of seats
- c. Approval of the deans of both colleges concerned is obtained, along with approval from the registrar.

10.2 Transfer between Programs

Students may transfer from one program to another within the university provided that they satisfy all conditions of section above. In addition, they must satisfy the following:

1. The applicant meets the admission conditions of the program to which he/she is applying
2. The preceding semester's Grade Point Average should be equivalent to that required by the new program
3. The request for transfer should be submitted within the period specified in the academic calendar.

11. Academic Evaluation and Assessment

11.1 Course Assessment

In each registered course, a student's performance is assessed according to a procedure established by the college concerned and explained in the course plan. The overall score is normally distributed as follows:

- a. Semester tests and activities 45-50 percent
- b. Mid-Semester examination 20-25 percent
- c. Final examination 30 percent

The score for semester tests and activities includes marks for tests, quizzes, assignments, research, and laboratory work. The pass mark in each course is sixty percent except for Medicine is seventy percent.

11.2 Grading System

The university adopts the following grading system for all Undergraduate Programs and Medicine:

	All Programs			Medicine		
Percentage	Grade	Grade Point	Merit	Grade	Grade Point	Merit
90-100	A	4	Excellent	A	4	Excellent
85-89	B+	3.5	Very Good (High)	B+	3.5	Very Good (High)
80-84	B	3	Very Good	B	3	Very Good
75-79	C+	2.5	Good (High)	C+	2.5	Good (High)
70-74	C	2	Good	C	2	Good
65-69	D+	1.5	Pass (High)	F	0	Fail
60-64	D	1	Pass			
Less than 60	F	0	Fail			
N/A	XF	0	Fail (Academic Integrity Violation)	XF	0	Fail (Academic Integrity Violation)
N/A	T	N/A	Transfer	T	N/A	Transfer
N/A	IP	N/A	In Progress	IP	N/A	In Progress
N/A	I	N/A	Incomplete	I	N/A	Incomplete
N/A	S	N/A	PLAR (Prior Learning Assessment and Recognition)	S	N/A	PLAR (Prior Learning Assessment and Recognition)

NB: The course passing grade for Undergraduate programs is (D) except for MD is (C)

11.3 Semester Grade Point Average

The semester GPA indicates student performance during the semester and is calculated as follows: the total of the grade point of each course taken in the semester multiplied by its credit hours, divided by the total number of credit hours registered in the semester.

For example, if a student obtains the results as set out in the table given below, his/her semester grade point average will be computed as follows: $GPA = (9+6+9+12+12+6)/18 = 54/18 = 3$

Subject	Credit Hours	Points	Product of Credit Hours by Point Grade
Mathematics 1	3	3	9
Statistics	3	2	6
Physics I	3	3	9
Islamic Culture	3	4	12
Arabic Language	3	4	12
Psychology	3	2	6
Total	18		54 points

11.4 Cumulative Grade Point Average

The CGPA indicates the student's average performance overall semesters up to the final or current semester. It is calculated as follows: the total of the point grade of each course taken to date, multiplied by its credit hours, divided by the total number of credit hours taken.

If a student repeats a course in which he/she obtained an "F" grade, or does so in order to improve his/her CGPA, the last grade obtained will be considered in the calculation of the CGPA regardless of whether the last grade is higher than the original one or not. However, the original grade will continue to appear in the academic record without affecting the calculation of the CGPA.

The CGPA is also used for academic probation as follows: starting from the end of the second semester of study, if the student's CGPA is less than 2.0, he/she will be regarded as an "academically-warned" student and will be requested to improve his/her academic performance to raise the CGPA to 2.0 or higher. (See Section 17 for the policy regulating the study load of warned students).

A student will not be allowed to graduate unless his/her CGPA is (at least 2.0 in all undergraduate programs except the MD program, the CGPA must be at least 2.5), even if he/she has passed all required courses of the program of study. In this case, and in consultation with the academic advisor, the student must repeat a number of courses of the study plan in order to raise his/her CGPA to 2.0 as a minimum, or at least 2.5 for MD.

11.5 Incomplete Grade

If a student does not attend the final examination due to an emergency and he/she scored at least a total mark of 30 out of 70 in coursework (tests and midterm examination) the course may be considered as "incomplete." Acceptable evidence for failure to attend a final examination due to an emergency consists of the following:

- illness certified in a medical report approved by the University Clinic;
- death certificate of a first or second-degree relative;
- arrest or summons before a court or other legal body;

- d. other excuses accepted by the College Council.

In these cases, the student must submit an online request within three working days. He/she also must submit the relevant documents. Applications will be processed only if the student has no financial obligation to the university and has paid the fee for an “incomplete request.” Applications submitted by students with a 25 percent absence warning will not be accepted.

Note:

1. It is the student’s responsibility to follow up with the college to determine the date of the exam to remove the incomplete grades according to the date specified in the university calendar.
2. A student whose course result is “incomplete” must take the final examination before the end of the first week of the following semester in which he/she registers, as shown in the academic calendar, otherwise a grade (F) will be obtained.

11.6 Make-up Exam

Students who have two final exams scheduled at the same time or have three final exams scheduled on the same day, can request to sit for the make-up exam in accordance with the dates scheduled in the academic calendar.

11.7 Examination Re-sits

For a student who fail the last course (other than training and internships) in the program or miss the final exam and do not qualify for an incomplete grade, other than training and internships. He/she can take a re-sit exam if:

- He/she has attended at least 75% of the classes.
- he/she not subject to disciplinary penalties to academic violations in the course which he will sit for re-sit exam

NB

- The re-sit exam grade shall be out of 30 (as a regular final exam) for students who achieve a minimum grade of 42/70 in the semester work.
- Students who achieve a semester work grade below 42/70 would be allowed to sit for a comprehensive exam out of 100. The ceiling for the final grade in the course shall be “C”.
- There is a charge of 50 percent of the course fees and the student must re-take the final examination before the beginning of the following semester.

11.8 Student Grade Appeal

The student appeal is a request for review of a decision made with respect to a student's grade. It applies to all student members enrolled at Ajman University and provides a means to request reconsideration of the grade decision.

Grade Complaints concerning final examination results need to be submitted within 15 days following the announcement of examination results. Students may appeal a final grade after it has been posted through formal procedures. Students wishing to appeal a final examination grade result must adhere to the following steps:

Grade Appeal Procedure

1. 1. The student must submit an online request for Grade Appeal (complaint), which is routed to the Office of Registration.
2. The Office of Registration will screen the request to verify that the intended course does not have a prohibited status (has not reached 25% absenteeism from class attendance).
3. Upon approval from the Office of Registration, the request is routed to the Office of Finance for charge allocation.
4. The application is then routed to the concerned college where deliberations are conducted and the decision is taken.
5. In the event the appeal is rejected and included in the system, an automated email is sent to the student notifying him/her of the decision. The student can also access the online system to check the Grade Appeal (complaint) status.
6. In the event the appeal is approved by the college, the decision will be routed to the Office of Registration to reflect the approved grade change on the student's academic record.
7. The student will receive an email notification on his university email that the request is completed and the change has taken place. The student is able to verify the completed status of the request by accessing the online system.

12. Supervised Credit-Earning

Colleges may approve supervised credit-earning on selected courses designed for advanced undergraduates that have completed 50 percent of the required credits for graduation. The purpose of such courses is to make it possible to study all the units of a course under the supervision of a faculty member on a meeting session basis. The schedule of these meetings should not be less than 15 contact hours per semester.

The supervised work should cover all the content of the course and meet its objectives. The supervisor must ensure that the course is devoted to advancing students' knowledge and skills as required in the course outline.

Reasons why a student may wish to take a supervised study course include:

- a. To adjust his/her study plan by completing a specific course which is not offered in that semester
- b. To complete a course which is not offered but it is required for graduation during the final semester
- c. To gain additional knowledge and practical experience in designing, conducting, analyzing and documenting coursework

A maximum of nine credit-hours of supervised study can be taken during a student's undergraduate degree program. A student may not register for more than three credit hours of supervised study per semester.

The assessment of the course will be conducted as follows:

- a. Students will be required to sit for a written exam to be evaluated by the supervisor. This exam will be weighted at 20% of the final course mark;
- b. At the end of the semester, students will submit a written report to the supervisor detailing the work carried out. This report will be weighted at 40% of the final course mark;
- c. Students will present their work to an internal examiner who will not be the supervisor. The oral presentation will be weighted at 40% of the final course mark;

The student's final grade for the supervised study course will be determined by the student's supervisor and the internal examiner after evaluation of the student's work, written report, oral presentation and response to questions.

13. Attendance Policy

Attending classes is compulsory for all courses. A student will not be allowed to take the final examination if he/she has missed 25 percent of the classes in a given semester. Absence warning policies are set out below:

- If a student is absent for 10 percent of theoretical and practical class hours, the lecturer will issue a 10 percent absence first warning.
- If a student is absent for 20 percent of theoretical and practical class hours, the lecturer will issue a 20 percent absence second warning.
- If a student is absent for 25 percent of theoretical and practical class hours, the lecturer will issue a 25 percent absence warning and the student will receive the grade of "F."

The Council of Academic and Scientific Affairs may consider a student's withdrawal from the course if sufficient and convincing reason for the absence is submitted to it by the Office of Admissions and Registration.

14. Academic Probation

1. Academic Probation for Undergraduate Students

At the end of any regular semester a student seeking an undergraduate degree must maintain a cumulative Grade Point Average (cGPA) of 2.0 or above to be considered in a good academic standing.

1. If the student's cGPA is below 2.0 during his/her first regular semester (fall or spring semesters), he/she receives an Academic Warning after the end of the student's first regular semester. The academic warning is an academic alert to notify the students with their academic performance and to the AU academic support team to provide the required support.
 - a) The student will be under academic mentoring and monitoring programs to provide a full support to the student, academically through the Student Success Center (SSC) and non-academically via the Counseling Unit (CU), and to closely evaluate the student's academic progress by his/her academic advisor and course instructor(s) with an objective to raise the cGPA to 2.0 or above.
 - b) The student's academic advisor approves the list of courses the student can register for. Courses with F, D, or D+ grades are preferably repeated if they are offered in the spring semester or summer term.
 - c) The academic warning is not recorded on the student's transcript.
 - d) If the student's cGPA remains below 2.0 after his/her second regular semester, he/she will be continued in the academic warning status and under academic mentoring and monitoring programs.
 - e) The student, his/her academic advisor, and sponsor (if any) are notified about the student warning status. The student's sponsor (if any) will also be provided of the student's academic transcript via email if they request.
2. If the student's cGPA is below 2.0 after completing three regular semesters or after he/she has been in good academic standing beyond the third semester, he/she receives an **Academic Probation One (AP1)** and is placed on academic probation by the Office of Registration.
 - a) The student, his/her academic advisor, and sponsor (if any) are notified about the student probation status. The student's sponsor (if any) will also be provided of the student's academic transcript via email if they request.
 - b) The student status will be updated on his/her transcript.
 - c) The student will be under academic mentoring and monitoring programs to provide a full support academic to the student academically through Student Success Center (SSC) and non-academically via the Counseling Unit (CU).
 - d) The study load of the student with AP1 is restricted. A student can register for a maximum of 15 credit hours (C.H.), of which at least three credit hours are repeated (the priority of repeated courses is given for courses with F, D, or D+ grades). The academic advisor approves the list of courses the student should register for.
3. If a student fails to raise his/her cGPA to 2.0 or above at the end of the semester subsequent to the Academic Probation One (excluding the summer term/semester), he/she will receive an **Academic Probation Two (AP2)** and is placed on academic probation by the Office of Registration.
 - a) The student, his/her academic advisor, and sponsor (if any) are notified about the student probation status. The student's sponsor (if any) will also be provided of the student's academic transcript via email if they request.
 - b) The student status will be updated on his/her transcript.

- c) A student with AP2 can register for a maximum of 12 credit hours, of which at least six credit hours are repeated (the priority of repeated courses is given for courses with F, D, or D+ grades). The academic advisor approves the list of courses the student should register for.
 - d) If the student receives AP2, the college evaluates the student's academic record, his/her ability to continue studying in the major to reach a good academic stand, and the feasibility of raising the student's cGPA to at least 2.0 by the end of the following semester. The council should take the appropriate decision, either to continuing his/her studies or changing the major.
4. If a student fails to raise his/her cGPA to 2.0 or higher at the end of the semester subsequent to the Academic Probation Two (excluding the summer term/semester), he/she is issued an **Academic Probation Three (AP3)** and is placed on academic probation by the Office of Registration.
- a) The student, his/her academic advisor, and sponsor (if any) are notified about the student probation status. The student's sponsor (if any) will also be provided of the student's academic transcript via email if they request.
 - b) The student status will be updated on his/her transcript.
5. If a student receives an AP3 but his/her cGPA is 1.7 or greater and has completed at least 70% of the program total credit hours, he/she will be given a chance for two regular semesters to raise the cGPA to 2.0.
- a) The study load of the student is restricted to a maximum of 9 credit hours, of which at least six credit hours are repeated (the priority of repeated courses is given for courses with F, D, or D+ grades).
 - b) The academic advisor approves the list of courses the student should register for.
 - c) If the student's cGPA remains below 2.0 at the end of the two-regular-semesters period, and he/she is issued a final Repeated Academic Probation Three (RAP3). The student with RAP3 cannot continue in the major, and his/her situation will be evaluated by the College Council with only two options:
 - d) change to another major, provided that he/she meets the admission requirements of that major; or
 - e) academically dismissed from the University.
 - f) The student, his/her academic advisor, and sponsor (if any) are notified about the student probation status. The student's sponsor (if any) will also be provided of the student's academic transcript via email if they request.
6. If a student receives an AP3 and he/she falls under one of the following categories:
- a) has completed at least 70% of the program total credit hours but his/her cGPA is less than 1.7; or
 - b) has not completed at least 70% of the program total credit hours and his/her cGPA is less than 2.0,

If the student falls under one of the categories 6a or 6b, the College recommends one of the following options:

- i. change to another major in another College, provided that the student meets the admission requirements for that major; or
- ii. academically dismiss the student from the University.

The following table summarizes the various academic warnings and probations and their effects on the student's study load:

Warning/Probation Type	Issue Semester	Study Load	Repeated
Academic Warning	After 1 st and 2 nd Regular Semesters	Advisor's Approval	
Academic Probation One (AP1)	After 3 rd Regular Semester	15 C.H.	3 C.H.
Academic Probation Two (AP2)	After Regular Semester Subsequent to AP1	12 C.H.	6 C.H.

2. II. Academic Probation for Graduate Students

At the end of any regular semester a student seeking a graduate degree must maintain a cGPA of 3.0 or above to be considered in good academic standing.

1. In case a student's cGPA drops below 3.0 by the end of a given semester, he/she receives an **Academic Probation One (AP1)** and is placed on academic probation by the Office of Registration. The student, his/her academic advisor and sponsor (if any) are notified about the student probation status. The student's sponsor (if any) will also be provided of the student's academic transcript via email if they request. The student status will be updated on his/her transcript. The student may be allowed to register for courses in the subsequent semester (with the approval of his/her advisor) so that he/she may raise the cGPA to 3.0 points or above.
2. If the student fails to raise his/her cGPA to 3.0 or above at the end of the regular semester subsequent to the *Academic Probation One (AP1)*, he/she will receive an **Academic Probation Two (AP2)** and the College (depending on his/her academic progress) may either give him/her one last chance or recommend his/her dismissal from the program.
3. A student with AP2 will only be allowed to register courses (up to 6 credits) with the approval of his/her advisor. If the student with AP2 fails to raise his/her cGPA to 3.0 or above, he/she will be dismissed from the program without any chance for repetition.

15. Graduation Requirements

A student will be awarded a degree subject to fulfilling the following requirements:

- Completion of all courses of the academic program
- Completion of practical training as specified in the study plan
- A CGPA of at least 2.0 except for college of MD a CGPA of at least 2.5.

Note:

The student who completed all the above graduation requirements can receive the graduation certificates, Transcript, diploma (wall certificate), or any other related letter of graduation, only after his/her clearance has been approved by the college and the concerned offices. Such clearance can't be approved if s/he has dues towards Ajman University. Ajman University is entitled to withhold the graduation certificates, the Transcript, the diploma (wall certificate), and any other letter or certificate, if s/he does not fully honor his/her obligations towards Ajman University, including financial commitments or dues.

The merit of the degree is determined according to the following scale:

Concentration

A concentration is a grouping of courses which represent a sub-specialization taken within the major field of study. In accordance with CAA's Standards 2019, concentration may be specified on the student's academic record (transcript) but not on the degree certificate. The concentration shall include at least 15 credits of study, or equivalent, in the specialized field in order to be recognized by the MoE. In graduate programs, this must include the thesis and at least 9 credits of other courses.

Major/Minor

AU students are eligible to enroll for a minor while they are pursuing their major after they have completed 75% or more credit hours from their study plan with a minimum Cumulative GPA (CGPA) of 2.5 . The approvals of both the Dean of the college offering the major and the Dean of the college where student is seeking a minor are required for admission of the student to the requested minor. The primary academic advisor of the student will continue to serve as advisor for both major and minor. However, the academic advisor may seek assistance and cooperation from the department or college offering the selected minor.

The completion requirements for the minor, including the prerequisites required to take the specified courses, are well defined for all minors offered by Ajman University. Students enrolled in major/minor must satisfy all the degree completion requirements of the major as well as all stated completion requirements of the minor.

The student's transcript and degree certificate will indicate the major. The minor completed at the time of graduation will be indicated on the student's transcript. For graduation, the student must obtain a cumulative GPA of at least 2.0 in all subjects related to the major, as per the approved study plan, as well as a cumulative GPA of 2.0 in subjects required for the selected Minor. The cumulative GPA of the major shall be calculated based on all courses in the approved study plan. The cumulative GPA of minor shall be determined based on the list of courses specified for successful completion of the minor.

The CGPA mentioned on the transcript shall be the overall CGPA calculated based on all courses of major in the approved study plan as well as the additional courses taken to satisfy the requirements of the minor. Furthermore, the degree certificate shall mention the corresponding merit (Excellent, Very Good, Good, ...) for the overall CGPA of major and minor courses as mentioned above.

20. Library

AU library is housed in the second floor of Student Hub building and is open to the entire university community. AU Library follows the Association of College and Research Libraries (ACRL) Standards published in June 2004. The Library Manager prepares, justifies and administers the library budget that is appropriate to the library's objectives. The budget is planned to meet the reasonable expectations of library users when balanced against other institutional needs.

Access to library resources is provided online in a timely and orderly fashion. Library collections and the catalog for accessing them are organized according to standards. A central catalog of library resources provides access for multiple concurrent users and clearly indicates all resources. Hours of physical access to the Library are reasonable and convenient for the two-genders and separate users. Reference and other special assistance are available at times when the Library is open. Onsite access to The Library is provided in a timely and orderly fashion. Non-print resources are accessible anytime anywhere <https://library.ajman.ac.ae/>. The library staff is available to assist students and faculty or other individuals or groups on using the library and its resources effectively.

The library is equipped with a security system. An electronic RFID security system is in use to prevent the loss of library materials. If an item is taken out of the library without being properly circulated, the exit gate barer will lock and an audible alarm will be triggered. In this insistence, the patron is forced to go back to the circulation desk for proper check out.

20.1 Services

Circulation Services

The circulation desk is responsible for all transactions related with borrowing and returning of books and periodicals, placing materials on reserve, recalling borrowed material, and assessing fines. Borrowing stops 30 minutes before closing time. Students and Staff of Ajman University can borrow materials for use outside the library. Items in heavy demand or in particular formats may be offered to lend for shorter periods than other items. Items must be returned by the time specified, or be renewed if that is allowable. Items not returned on time will usually incur a fine. Items on loan but requested by other users must usually be returned to the library.

Information Desk / Enquiry Service

Staff at the Information Desk / Enquiry Service provide information and assistance to all AU students on general library related issues. This point-of-contact service is physically available in each Library, and provides support by telephone and emails. The service enable students to fully exploit the information resources within AU Libraries. The service is available at all times within Libraries working hours. Users can access this service by visiting the Information Desk in person, by email, or by telephone.

The service is available 24/7, except for system maintenance. Access is through the University Library's Portal (EBSCO Stacks & EDS), directly from the Library Homepage, or via the Library Mobile APP Service.

Electronic Databases

The Library offers access to over 400 subject-based databases covering bibliographic and full-text sources. The service is accessible to all registered members of the University via an alphabetic listing from the Library Homepage or through the University Library's Portal. The service is available 24/7, except during system maintenance period. Access can be made through the University Portal (EBSCO Stacks & EDS), directly from the Library Homepage (Databases page), or via the Library Mobile APP Service.

Online Catalogue

Students have access to the bibliographic details of nearly 85,000 printed material held by the University Library. The Library Catalogue is freely searchable from the Library homepage by logging onto the University Library's Portal or Blackboard Learn. Ajman University (AU) is committed to providing and maintaining a safe and healthy working environment for employees, students, subcontractors and visitors. To warrant a safe and healthy work environment, AU shall ensure that all students are aware of the hazards in their campus areas and are adequately informed to enable them to perform their studies in a safe manner. Consequently, AU expects from students a general duty of care and in practice. It is therefore imperative that:

- Students abide by the general safety rules and instructions provided by AU
- Students are given full instructions on safety matters relating to the normal functioning in laboratories and workshops and asked to follow these instructions
- Students are required to report on any accidents or any potentially hazardous condition observed which could pose danger to personnel and property
- Students should refrain from all acts that could be the cause of danger to personnel and property

All AU buildings are equipped with fire alarm and firefighting systems in line with the regulations of the UAE Civil Defense Department. Safety notices, contact emergency numbers and first aid boxes are located in appropriate locations. Notices are also displayed for emergency exit routes and assembly points in the event of fire. The cooperation and participation of students is essential to safely, orderly and promptly evacuate the building in the event of fire, as per the directives of authority personnel.

AU takes any legitimate student complaints/grievances very, and attempts to solve them in a clear, transparent, and objective manner. It also provides an opportunity for students to appeal against the decisions regarding their grievances.

Complaint process

Prior to initiating formal Grievance Process, the student is expected to make a good faith effort to resolve the dispute with the Respondent. The student is encouraged to informally resolve the issue through either of the following channels:

- In the case of faculty: through the Department Chair, and if resolution cannot be attained, the College Dean.
- In the case of support staff or administrative personnel: through the employee's supervisor.

A student may also file a formal complaint at inquiry@ajman.ac.ae. The procedure adopted to resolve these complaints is explained in detail below.

Grievance process

For the formal grievance process, a Student Grievance Committee (SGC) has been established with duties/responsibilities defined by this policy. The formal grievance process is explained in detail in this policy.

Procedures

Complaints

1. All complaints will be handled with discretion and confidentially to ensure that the interests of the student as well as the member of faculty and staff are respected and preserved.
2. All complaints sent to inquiry@ajman.ac.ae will be received on Kayako (ticketing system) as a ticket assigned to the inquiry team.
3. The student will receive acknowledgement email of their complaint - indicating that they will receive a reply shortly.
4. The inquiry team will check the complaint and assign it to the concerned office/college.
5. Once the ticket is assigned to the concerned office/ college, a notification mail will be sent to the representative of concerned office/ college with the ticket number and link.
6. The SLA of sending any resolution from the concerned team is within two (2) working days and then the concerned office/college should update the ticket as completed if no other action is required from their side.
7. Once the ticket is completed, a survey will be sent to the student via email to check their satisfaction.
8. If the student is not satisfied with the final resolution or reply for his/her complaint, he/she can send back the complaint within five (5) working days, and accordingly, the ticket will be reopened. A notification mail will be sent to the concerned office/college that the ticket has been reopened. However, if the student sends after five (5) working days from the final resolution or reply, a new ticket will be created.
9. If the concerned team still needs more time to work on the complaint, they will send an email to the student through Kayako to inform them that they are still working on the resolution of the complaint and they will receive the reply shortly.
10. If the student didn't receive a reply within two (2) working days, the ticket will be escalated to the office manager through a notification email.
11. If the student still didn't receive a reply from the concerned office/college, the escalation will continue till it reaches the Chancellor's office.
12. A report can be generated from Kayako that shows how many complaints were received and the percentage of the complaint tickets which were resolved within SLA. In addition, the report will show the satisfaction rate.
13. The reports are stored on cloud server, and they can be generated at any time after determining the complaint period. The reports are generated as excel sheet, and the reports shared are presented in a form of data in charts.
14. Only the concerned office/college can access their related complaint tickets. Records of student complaints are maintained for a period of six (6) years.

Grievance

If item 8 of the above complaints procedure had been exhausted and no resolution has been achieved or if the student is not satisfied with the earlier resolution and does not intend to follow item 8 of the above procedure, he/she may submit a formal grievance to the Chairperson of the Student Grievance Committee (SGC) at the University level via the Online Request System (ORS).

A grievance may also be filed if a non-action by the responsible administrator has adversely affected the student rights and responsibilities as stated in the Student Handbook, Students Catalogs and University's Policies and Procedures Manual. The Student Grievance Committee (SGC) shall determine, if the grievant has been harmed as a result of the filed grievance, and if so, what relief should be given to the grievant.

The Student Grievance Committee (SGC)

The University Chancellor appoints members of the SGC and its Chairperson. The membership of SGC shall include the following:

- Chair of the SGC Committee
- Two faculty members
- Two members of the administrative staff
- One student representative

SGC Terms of Reference:

SGC Duties and Responsibilities

The findings and recommendations of the SGC shall be forwarded to the Vice-Chancellor of Academic Affairs (VCAA) for necessary action, if any. In making its recommendations, the SGC shall make a determination of whether a violation of regulation, policy, or procedure has occurred. If it is determined that there was a violation, the SGC shall consider factors such as whether the violation was intentional or unintentional, and if it was due to some negligence or misunderstanding of rules and regulations.

The duties of the Chairperson of SGC shall include the following:

- Review the grievance received on ORS, assess the claim and all relevant documents and accept or reject the request with valid reasons.
- Arrange for SGC meetings and schedule the hearings;
- Preside over the meetings and ensure the hearings are conducted in accordance with the specified procedure;
- Ensure that all records are maintained in ORS;
- Submit the findings of SGC and its recommendations to the VCAA through ORS;
- Inform the concerned parties about the decision taken by the VCAA;
- Submit an SGC Standing Committee Annual Report to the VCAA, using its template available with the Office of Institutional Planning and Effectiveness (OIPE).

The members of the SGC are responsible for:

- Attending all meetings called by the Chair of the SGC;

- Reviewing the grievance and ensuring that it is complete with all required information and documents and decide if a grievance will move on to a hearing;
- Ensuring that fair and proper procedures are followed;
- Hearing the evidence presented by the grievant as well as arguments presented by the defendant(s) and questioning both sides with the aim of finding exactly what happened. This shall also cover the witnesses from both sides and their cross-examination;
- Reaching a recommendation based on presented evidence, discussions, cross-examinations, and making appropriate recommendations;
- Making sure that confidentiality is strictly maintained.

Grievance Procedure

The grievance must be filed within one month after the grievant becomes aware of a violation of his/her rights as stipulated in published documents, including the Student Handbook.

5.2.2.A. In submitting the grievance, the grievant must provide the following information in the ORS:

- A detailed account of the incident, situation or circumstances that caused the grievance. The grievant must specify the party against whom the grievance is filed, and specifically explain how that party has violated his/her rights, and accordingly what harm or damage occurred.
- Explain what informal actions were taken to resolve the dispute. It is required that the grievant mentions the date when he/she filed a complaint, and why he/she is not satisfied with the solution, if any, achieved by the concerned office/college.
- Specify what relief is being sought through the grievance procedure.
- Provide the name, phone number and e-mail address of each person that he/she would like to call as a witness during the hearing process.

Following the submission on ORS:

- The Chair of the SGC shall review the case received on ORS, assess the claim and all relevant documents and accept or reject the request with valid reasons.
- Once the Chair accepts the case, the ORS system will notify the student that his/her request has been approved to be reviewed by the SGC. If the claim is rejected, the ORS system will send a notification to the student that the grievance does not merit a hearing by the SGC for the given reasons.
- The student will also be informed if a hearing session is needed.

Hearing Process

The hearing is considered a fact-finding/information gathering proceeding, not a judicial process. A hearing must have a quorum in order to proceed. A quorum consists of four (4) members, including the Chair of the SGC. The hearing process shall proceed as follows:

- As a first step in the hearing process, the SGC shall notify the VCAA about initiation of the process. The Committee shall determine who shall be involved in the hearing process. It will also inform the concerned parties and provide them with relevant information and documents in order to prepare for the hearing. In this regard, the Chair of the SGC shall be responsible for all communication.

- The Committee may seek advice from a "panel of experts" in the relevant area(s).
- The Committee may invite persons having information related to the grievance to participate in the hearing.
- The concerned parties shall be given reasonable time for preparation and allowed to present their views personally, provide evidence, and call witnesses. Each party shall be informed about the identity of the witnesses at least three working days prior to the date of the hearing. It must, however, be noted that the witnesses will only come to the hearing on a voluntary basis and cannot be forced by either party to attend the hearing.
- The Committee's meetings shall be chaired by the Chairperson or an acting Chairperson nominated by the VCAA in the absence of the Chairperson. The meeting shall only be valid with the presence of the majority of the members. In cases of equal voting, the Chairperson's side shall prevail. The Committee shall choose one of its members as a rapporteur to take minutes. Those minutes shall be the official record and shall be uploaded on ORS. Committee members, including the Chair, possess the sole right to ask questions. The grievant and respondent may provide a list of questions for the Committee to consider.
- There shall be no confrontation between the grievant and respondent, and cross-examination of witnesses shall be done separately by the Committee.
- The SGC will try its best to obtain reliable and sufficient information to reach a recommendation. At the completion of the hearing, the SGC members will deliberate and reach a recommendation by majority vote. In cases of equal voting, the Chairperson's side shall prevail. Within one week of the recommendation made by the SGC, the Chairperson shall submit a report on ORS for the VCAA, describing its findings and giving its recommendations. The report shall also include the account of the evidence presented by all parties. It must be noted that the recommendations of the SGC are of an advisory nature only and the VCAA makes the decision, and may consult with the COO if the grievance involved a staff member or a non-academic administrator. In addition, the report of the SGC may not be used as evidence by either party in a related legal action.

The VCAA shall render the decision after receiving the SGC's Hearing Report. The decision shall be in writing and shall state the reasons for the decision. After the VCAA has made the decision, the Office of the VCAA shall inform the concerned parties about the decision.

Appeals

A student can file a written appeal to the Chancellor, requesting a review of the decision concerning his/her grievance in a letter addressed to him. The student shall submit the letter within a maximum of 7 working days of his/her being notified of the decision, in writing, as per the academic calendar, otherwise the VCAA's decision shall be final and enforceable.

The appeal shall only be accepted on procedural grounds if it is lodged within the legal deadline and the appellant proves one or more of the following:

- Failure to observe the procedures provided for in this policy.
- Emergence of previously unknown evidence which might have influenced the decision.

If the Chancellor accepts the appeal on procedural grounds, he shall refer the case to a different ad hoc committee for re-consideration.

The Chancellor's decision might not match the recommendation of the Committee for a justified reason. His decision is final.

The appellant shall be informed about the final decision made by the Office of the Chancellor.

26. Student Athlete Class Attendance Policy

26.1 Statement

As part of the continuous efforts to promote and develop the Sports Program at AU, *Office of Student Life* (OSL) has the privilege to propose the AU Student Athlete Class Attendance Policy in order to help AU Student Athletes succeed educationally by maintaining the balance among academic, athletic and personal growth.

Student Athletes are expected to attend all scheduled classes unless excused by the professor/instructor as a result of scheduled intercollegiate sports competitions that conflict with classes. However, Student Athletes should make an effort to schedule classes that limit the amount of class missed due to scheduled intercollegiate sports competitions and associated travel.

26.2 Scope

It is the responsibility of the Student Athletes to notify their professors/instructors in advance of impending class absences due to intercollegiate sports competitions. If a Student Athlete has provided an official excuse letter in a timely manner, the professor/instructor may not penalize the Student Athlete academically for these absences and is expected to provide reasonable assistance to the Student Athlete concerning instruction and assignments that were missed. Classes should not be missed for practice, meetings or other non-competitive reasons. Student Athletes are not permitted to participate in intercollegiate sports competitions on any day on which final exams are scheduled.

26.3 Procedures

- Student Athletes must consult with their professors/instructors and coaches in advance to eliminate as many conflicts between classes and intercollegiate sports competitions as possible.
- Student Athletes should request an official excuse letter from the Office of Athletics when intercollegiate sports competitions conflict with their classes. Student Athletes are expected to give as much notice as possible to the Office of Athletics.

Student Athletes should submit the official excuse letter to their professors/instructors prior to the scheduled games or matches. Nevertheless, it is understood that weather condition and sports tournament play might result in late changes to the schedule. If a late schedule change is made, Student Athletes are expected to communicate with their professors/instructors and inform them accordingly

Procedure

7.1 The SSC will coordinate with all Colleges at AU to ensure that their Deans are all on board with the Center and its purpose.

7.2 Nominations of SSC Faculty Liaison (SSC-FL) will be made through direct contact and coordination with the Deans of the respective colleges.

7.3 The SSC-FL in each college will promote the SSC among the students of their respective colleges in addition to identifying students at academic risk, those who have received several academic warnings/or probations, and similar cases of students who were observed to need academic or skill training support. Students at risk could also be identified by coordinating with AU's Registrar's Office which keeps student records and current information about warnings/probations students receive.

7.4 The SSC-FL will advise these students to register their interest with the SSC, noting that the support provided by the SSC is voluntary, confidential, and with the full autonomy of the student concerned.

7.5 There will be THREE types of services provided by the SSC for students:

- a) **Peer Tutoring:** Peer Tutoring is a preemptive-preventative strategy aimed at supporting students who need to improve in their academic performance. Peer tutoring approaches have been shown to have a positive impact on learning, with benefits for both tutors and tutees, where students who are low achieving receive additional benefits from peer tutoring. A number of students with outstanding academic records are identified by the colleges and (after having their consent) their names and other details are provided to the SSC. Successful peer tutor candidates will join a pool of peer tutors to provide 1 to 1 tutoring to students.
- b) **Academic Twinning Program:** This is a variant of the Peer Tutoring Program, however it is a remedial strategy where students observed to be **at high academic risk** receive guidance, follow-up, and support through (1) the respective faculty member of the courses they enrolled in; (2) a peer-tutor who will provide one-to-one sessions designed to help with the respective courses; or (in the absence of a Peer Tutor (3) a student peer nominated by the respective faculty member teaching the subject.
- c) **Skills workshops, seminars, and tutorials:** These sessions will be provided by the SSC based on needs assessments and they predominantly are designed for groups of students.

7.6 Students eligible to be recruited as Peer Tutors (PTs) will be nominated by the SSC-FL in each college at AU using an online Peer Tutor Nomination Form.

7.6.1 The following are some credentials for consideration of candidate PTs:

For a student candidate to be eligible to enroll as Peer Tutor, the following will be required:

- (a) The candidate PT must be nominated by the respective SSC-FL
- (b) The candidate PT must have an A grade in the course(s) that s/he will be tutoring **with the EXCEPTION** of:

 - (b-2) final year student tutors can also be nominated by faculty member who teaches a course
- (c) Alumni who had excellent academic records may express interest to enroll as Peer Tutors or continue to be Peer Tutors, and if necessary will be trained through the established system and perform peer tutoring services directed to final year students as other regular PTs.
- (d) The candidate PT must have no history of academic warnings/probations
- (e) The candidate PT must have not committed any academic misconduct

- b. FLs and their PTs will coordinate any orientational activities aimed at publicizing the services of the SSC and the Peer Tutoring Program among the students in the college.
- c. All the tutorials must adhere AU's gender segregation policy (i.e. Male PTs will conduct tutorials with male tutees, and female PTs with female tutees)
- d. The PT-tutee relationship is a professional working relationship, and no comments apart from these filled in the Tutorial Goals and Outcomes form will be communicated or shared with outside parties.

- k. The tutor sessions will be held for 1 to 2 hours, and could be broken up into multiple sessions as required.
- l. If a tutorial session must be canceled, PTs and tutees should provide at least 24 hours' notice to each other.
- m. PTs are instructed to wait only 15 minutes when tutees fail to show up for a scheduled session; tutees should do the same.
- n. PTs are expected to help tutees understand subjects and assignments that tutees struggle with, but they should not work together on completing assignments that will be handed in (and they cannot edit assignments/papers for the students).
- o. Confirming the attendance of the session should be at the end of the session, where the PT should ask the student to confirm it on the system before ending the session.
- p. After each peer tutorial, the student(s) receiving the tutorial will be required to complete a short anonymous satisfaction survey to evaluate the tutorial session.

Students who Commit Academic Integrity Violations

- a. In line with its mission of "helping students reach their full academic potential", the Student Success Center (SSC) plays a pivotal role in preventing potential academic integrity violations (this includes cheating in examinations and committing plagiarism), and also preventing the re-occurrence or repetition of such incidents.
- b. The SSC will conduct at least one activity in each academic semester on professional and behavioral issues (professionalism, ethics, and/or academic misconduct).
- c. These activities will aim at equipping the students with the knowledge, attitude, and behaviors becoming of a University student.

Fees

The peer-to-peer service is provided free of charge to eligible students at AU.

Disclaimer

To the maximum extent permitted by its role to provide comprehensive learning support, the SSC does not warrant a positive outcome and disclaims all liability to students that have not improved their academic performance, even after receiving the tutorial(s).

36. Academic Freedom Policy

Policy Statement

Ajman University (AU) defines academic freedom as the right to unrestricted exposition of subjects within one's field in a responsible manner. AU supports academic freedom through a professionally responsible manner with full compliance of the laws, rules and regulations of the United Arab Emirates. This includes the right to unrestricted scholarly research and publication of findings and expression of ideas and beliefs within the limits imposed by the acknowledgment of teaching, learning and academic research activities directly related to one's discipline consistent with the relevant Code of Conduct. Consequently, the freedom to search for truth and its true exposition is essential to AU's mission to foster effective instruction, continuing scholarship, and active service to the community.

In the exercise of academic freedom, AU faculty, staff and students have an obligation to make clear that they are not representing AU or its Board. Therefore, the University cannot be held liable towards a third Party for their exercise of academic freedom. Without appropriate pre-approval, all faculty, staff and students must avoid any action which appears to commit the University to a position on any issue. They must therefore at all times strive to be accurate, exercise appropriate restraint, and respect the right of others to express their opinions. The exercise of academic freedom must be within the frame of the UAE Legislations.

Any questions or concerns with issues of intellectual or academic freedom at Ajman University should be addressed to College Dean. If the issue is not resolved, it can be raised to the Vice Chancellor's Office.

37. Glossary of Terms

The terms defined below are mostly based on the definitions given in CAA's *Standards* 2019. Other terms have been added for the sake of completeness.

University.

A large, diverse institution of higher education and research that offers both undergraduate and graduate degrees. Universities are typically composed of a number of colleges or schools devoted to the study of closely related disciplines or a single discipline, such as the College of Engineering or the School of Public Health.

Undergraduate.

A student enrolled on a bachelor's degree or taking undergraduate courses.

Baccalaureate or Bachelor's degree.

In the UAE, a Bachelor's degree normally requires at least four but no more than five years of full-time study, with a minimum of 120 semester credits (or equivalent). The maximum number of hours may vary, but many Bachelor's degrees in professional fields, such as engineering or dentistry, require five years of study and at least 150 semester credits (or equivalent).

Postgraduate Diploma.

A Postgraduate Diploma typically includes one year of full-time study, or at least 24 semester credits (or equivalent) of course work beyond the Bachelor's degree.

Master's degree.

A Master's degree typically requires at least one year of full-time study, or a minimum of 30 semester credits of course work (or equivalent) beyond the Bachelor's degree. The minimum credits are not inclusive of any non-credit bridge courses which may be required. A Master's degree often, though not always, requires a substantial research paper, a thesis, or a project.

Doctorate.

A Doctorate degree typically requires at least three years of full-time study, with at least 54 semester credits (or equivalent) beyond the Master's level. There are several recognized distinctions among those degrees which are generally labeled "doctorate." The biggest distinction is between those doctorates which are "earned" and those which are "honorary." Other distinctions are discipline specific and are usually conveyed through the name of the degree.

- a) **Academic doctorate.** In the UAE, an academic doctorate requires one or more years of coursework beyond the Master's degree, as well as academic research. Doctorates are nearly always awarded in recognition of academic research that is of a publishable standard (even if not actually published) and that represents some original contribution to human knowledge. The research is usually assessed by submission and defense of a doctoral thesis or dissertation. The usual degree title is the PhD (Doctor of Philosophy).
- b) **Professional doctorate.** A professional doctorate requires a minimum of one year of coursework beyond the Master's degree and independent research. The emphasis of the degree is on research skills and advanced professional knowledge in an applied field of specialization. Examples include the Doctor of Education (EdD), Doctor of Psychology (PsyD), and Doctor of Business Administration (DBA).

Course or Module

A *course* consists of a number of instructional activities over a prescribed period of time. It deals with a single subject and is commonly described by title, number, credits, and expected learning outcomes in the institution's *Catalog*. A *module* sometimes refers to a sub-division within a course covering a topic or part of a topic. In the British system, the term *module* is synonymous with *course*.

Program.

The set of courses and other formally established learning experiences which together lead to a qualification (see Curriculum, above). Program may also refer to a specific aspect of the curriculum, such as the General Education program or a study abroad program.

Curriculum.

The term refers both to the range of courses offered by an institution, and to a set of related courses constituting an area of specialization, such as the computer science curriculum or the civil engineering curriculum.

Course Syllabus.

A description of course goals, course learning outcomes, contents, assessment instruments and grading criteria, week-by-week study plan, examination dates, etc. that is provided to the students at the beginning of their classes.

Credit and the Credit System.

The academic credit provides a basis to measure the amount of engaged learning time expected of a typical student. A credit, or credit hour, is a unit of measurement defining the student's overall effort towards attaining a qualification.

In the US system, which is adopted by most UAE institutions, 1 semester credit equals approximately 1 hour of time in class per week over a semester of 15 weeks or longer. (See "Semester" below). It is assumed that a student spends two hours outside of class in independent learning or specific course assignments for every hour in class. This implies that one academic credit equates to a 45-hour commitment to learning over a semester. For laboratory or studio-based courses, the allocation of credit differs; 1 semester credit normally is given for two hours of laboratory or studio time per week over a 15-week semester.

Semester and Term.

A *semester* is a period of time, typically a minimum of 15 weeks, during which an institution offers courses. Some courses may be offered in a time-shortened period, often called a term, such as a summer term or January term, which nonetheless offers class contact time and out-of-class assignments equivalent to a semester course. Some institutions use a calendar that divides the academic year into quarters (10-week instructional periods) rather than semesters.

Academic Calendar.

It represents important semester-specific dates and deadlines for students, academic and administrative departments, and instructors.

Academic Year.

The period of instruction composed of the fall, spring, and summer semesters. The academic year begins at the start of the fall semester and ends after the last day of the summer semester.

Add/Drop Period.

Days set aside by the University for Students to change their study schedule by adding or dropping courses in a specific semester.

Academic Advisor.

A faculty member who advises students on their study plan and course selection, monitors their academic progress, assists in their career planning, and guides in other academic and non-academic matters.

Conditional Admission.

Conditional admission of a student to a college or university is dependent upon the individual successfully completing coursework, or meeting other specified criteria, in order to progress into the full set of courses within the academic program.

Learning Outcomes.

In the context of QFEmirates, this refers to knowledge, skills, and aspects of competence that a learner is expected to know and be able to do at each level of a qualification (see <https://www.nqa.gov.ae/en>).

Credit Transfer.

A system whereby successfully completed units of study contributing towards a degree or diploma can be transferred from one program to another.

Prerequisite.

A course or courses that serve as foundations for continued (advanced) courses. A student must successfully pass a prerequisite course before taking a course for which it is a prerequisite.

Electives.

Courses which are not compulsory for students. Electives may be free—selected by the student from any course offerings, or restricted—chosen from a pre-determined list of options.

Remedial Courses or Programs.

Such courses or programs prepare a student for enrolling in a regular program, and aid the student in rectifying an area or areas of deficiency. Remedial courses are non-credit courses and do not count toward the requirements of an academic qualification.

Bridge Program.

A program intended to “bridge the gap” between a student's prior work and the background required for the program he/she is entering. Typically, such a program would be needed, for instance, by students entering graduate business education where the student’s undergraduate major was in an area other than business, or graduate engineering programs where the student’s major was in a different engineering specialty. The courses in a bridge program typically do not carry degree credit. Institutions may choose to require enrolment in bridge programs as a condition of admission. The term “bridge program” is also used in nursing to refer to a Bachelor's degree “top-up” program whose entry level is a Diploma in Nursing.

General Education.

General education is that aspect of an undergraduate curriculum intended to provide students with critical thinking skills; a broad understanding of the approaches to knowledge such as the humanities, the arts, the

social sciences or the sciences; a common core of understanding among students (such as in Islamic studies or other cultural studies); and a level of skill appropriate to higher education in mathematics, information literacy, the application of technology and communications (oral and written).

Independent Study.

A course in which a student is individually supervised by a faculty member, which enables a student to undertake a learning opportunity which is otherwise unavailable. Independent study courses must have an appropriate learning plan (typically a syllabus), learning outcomes, end of term evaluations and appropriate assessment. The SPA limit the amount of such credit that can be applied to an undergraduate qualification.

Internship.

The term applies to an experience in which a student has a program-related assignment involving attachment to a recognized business, agency or organization. The internship must be appropriate to the major or program of study of the student. The term “practicum” is usually synonymous with internship.
