MINISTRY OF EDUCATION

Objectives:

The College aims to:

- Enhance the intellectual, professional and behavioral development of students to meet the managerial challenges of the 21st century.
- Produce graduates with the information management skills and proactive attitudes they need to function fully in today’s complex business environment.
- Prepare students for further study in higher education.
- Train students in the areas of accounting, finance, management and marketing.
- Promote a modern management profile, effectively bridging the gap between theory and practice in order to become a regional leader in management education.
- Develop and sustain relationships with society by offering advising, consulting and problem-solving solutions, and providing training services for domestic, regional and international organizations.
