### **POSTS HELD:**

**August 2014 to date: Assistant professor of psychology, Ajman University**

I am responsible for teaching educational psychology, Research Methods, Developmental psychology, teaching profession, learning theories to both undergraduate and postgraduate students and psychology of addiction.

**May 2014 to August 2018: Assistant professor, Department of psychology, Tanta University, Faculty of Education**

I'm responsible for teaching educational psychology, Special education, clinical psychology, basics of cognitive approaches and individual differences, and psychological computerized tasks, I also teach critical thinking, creativity, learning difficulties (courses are taught in Arabic and English language). I am required to regularly join workshops with the curriculum and teaching methods for an interdisciplinary approach of the two scientific branches. I am also responsible for training the new demonstrators at the Department and for working in the Psychological Service Center at the Faculty. I work closely with students to perform their activities in "Students' Care Unit".
