

Faculty CV Template

[Prof. Ebtesam M. Fathy]

Academic Rank

professor

Qualifications

1. B. D S :Alexandria University, Faculty of Dentistry,
(Egypt July 1975.).
2. M. S C :Alexandria University, Faculty of Dentistry,
(Egypt November 1979). (Basic sciences in (Oral Histology and Pathology).
3. P h. D: Alexandria University, Faculty of (Dentistry, (Egypt)
November 1983 Oral Biology[L](#).
4. 1988- 1993): Mansoura University, Faculty of Dentistry
(Associate Professor,) Department of Oral Biology.
5. (1993 1999): Mansoura University, Faculty of Dentistry,
Vice – Dean for students Affairs.
6. (1994 – 1999): Mansoura University, Faculty of Dentistry,

Professor & Head of Oral Biology Department.

Research field(s)

- Sharing research groups in cooperation with members of other departments and faculties of our University and with other universities members to work together and promote the research outcome.

- Research field:
- Quantitative and qualitative assessment of DNA extracted from saliva for its use in forensic identification.
- Application of Stem cells in Dentistry.
- Effect of chemotherapeutic drugs in treatment and controlling oral cancer
- Etiological factors of oral ulceration. Relation between aphthous ulcer & stress .
- Research on premalignant lesions and conditions
- The epidemiology of Head and Neck neoplasm

Publications *(Last five years)*

Published paper: 2019-2020

1-Prevalence of most common tongue lesions among a group of UAE population: retrospective study. *Oncology and Radiotherapy* ©1 (46) 2020: 001-005 • Published 2nd February 2020

2-Orthodontic Button-assisted Coronally Advanced Flap for Treatment of Multiple Teeth Recession: A Case Report with Literature Review”. **World journal of dentistry**Date: 1st Jan 2019.

3-Stress-related Oral manifestations disorders in a population sample of patients attending Ajman University dental clinics.

(Ebtesam Khalil¹, Nihal A. Ibrahim², Maher Al Shayeb³, Syed Kuduruthullah⁴, Mawada Hassan⁵) January –February 2019;10

4- A M Hiremath, V Anbu, S Kuduruthullah, E Khalil, Nesrine A Elsahn, S R Samuel et al. Acceptability of Silver Diamine Fluoride as interim measure towards untreated dental caries and it's impact on OHRQOL among children with HIV. *Indian Journal of Dental Research*. Jul-Aug 2020;31(4):502-506.

5- Pediatric dental emergency management and parental treatment preferences during COVID-19 pandemic to 2019.Saudi Journal of biological Sciences. February 2021.

Courses Taught (*Last five years*)

Teaching courses:

- Oral Pathology I (DDS308) (Theory & Practical – Male & Female)
- Oral Pathology II (DDS316) (Theory & Practical – Male & Female)
- General Pathology Pharmacy (DDS318) Theory (Male & Female).

Professional Experience

Responsibilities and Scientific Activities:

- Membership of Library committee.2019-2020.
- Course Coordinator for OPI& OPII till now
- Attend all meeting and work with “Task force committee for modernizing of dental curricula & study plan” and help to develop the new curriculum.2019
- Member of information & promotion Committees research Faculty of Dentistry, AUST (2009/2010)
- Supervision on the scientific day program for all student researches Al Fujairah 2009 – 2010.
- External examiner and supervisor for graduate studies of oral biology, faculty of Dentistry, Arab Medical University, Libya.
- Teaching Tooth carving, Oral histology, & oral pathology.
- Teaching and Supervision of Post –Graduated for M.Sc. and PhD (Basic sciences and Oral Biology science).
- Arrangement of Scientific Meetings and Participation in all Scientific Activities in the Oral Biology and Oral Pathology Departments, in Both Alexandria and Mansoura University, (Egypt).
- Member in scientific committee for promotion of Ass. Professors and professors of oral Biology.
- Member in the scientific Board of continues Education programs at faculty of dentistry Mansoura University.
- Continuing Education course Attendance in Genetic Engineering Alexandria University.
- Member in the scientific of Histology & Cytology Society in Cairo University.

■ Supervising project students’ thesis:

- Quantitative and qualitative assessment of DNA extracted from saliva for its use in forensic identification.2021.
- Forensic Dentistry Review of literature 2017.
- Application of Stem cells in Dentistry 2017.
- Effect of chemotherapeutic drugs in treatment and controlling oral cancer 2015.
- Stem cell application in dentistry 2014.
- Oral manifestation of systemic diseases.2014.
- Etiological factors of oral ulceration.2014.
- T.M.J disorder in diabetic patient 2013
- Tooth abnormalities in UAE primary school.2013
- Relation between aphthous ulcer & stress 2013.

- The effect of alcohol intake on developing fetus 2013
- Evaluation of Bone defect in periodontitis. Radiographic study 2012.
- Pathologic tissue changes associated with orthodontic treatment.2010
- Prevalence of developmental abnormalities in the oral cavity among local residence.2010
- Tissue changes under prosthodontic appliances.2010.

Committees Work

- Task force committee for modernizing of dental curricula & study plan"
- Course coordinator of oral pathology I,II
- Library committee.2020.
- Member of information & promotion Committees research Faculty of Dentistry, AUST 2012.
- Member of information & promotion Committees research Faculty of Dentistry, AUST (2006/2008)
- Examination Committee2003/2005
- Member of the Course Files Committee 2002-2004.
- Academic advising, faculty and course evaluation.

Honors and Awards

- Certificate of Attendance of Curriculum Design for learning November 2019
- Certificate of Attendance Certificate of Attendance MOODLE Workshop held at Ajman On March 2014
- Certificate of Attendance MOODLE Workshop held at Ajman On March 2014.
- Certificate of Attendance a lecture in Endodontic Summit & Workshop 2010 in Al –Diar Siji Hotel // Fujairah.
- Certificate of Attendance MOODLE Workshop held at Ajman On March 2009.
- Certificate of Attendance The developing English Language teaching for the Digital age. Ajman, Oct 2009.
- Certificate of Attendance a lecture in Endodontic Summit & Workshop 18/10/2008 in Al –Diar Siji Hotel // Fujairah
- Certificate of The American Academy of continuing medical Education Oct 2007
- Certificate of Attendance a lecture in Periodontology & implantology 5/3/2005 in Al Fujairah Hospital

Other Contributions and Achievements

SUPERVISION OF POSTGRADUATE STUDIES Doctor Degree:

- Effect of maternal alcohol intake on tooth development in albino rat offspring "Light and Electron microscopic study"
- Experimental study on simulated cleft palate surgery at different ages.
- The effect of some commonly used drug-absorption enhancers on the normal histological structure of oral mucosa.
- The effect of surgical ovariectomy on major salivary gland "Clinical, histological and Hormonal Analysis.

- Hydroxyl apatite Cement Versus Demineralized Bone In The Repair Of Post-surgical Jaw Defects. (A comparative Histological and Clinical Study).
- The effect of cyclo-phosphamide (Endocan) on the submandibular salivary gland of albino rats (Histological and histochemical study).
- Effect of cigarette smoke exposure and caffeine administration of tooth development in albino rats offspring's.
- Relation of caries to root resorption of primary molars.
- The effect of chlorpromazine on tooth development in white rat offspring's.
- Effect of hypervitaminosis (A) on the periodontium of albino rats' offspring's.

Training Courses

- Complete the course of Creative problem solving. 2013
- Complete the course of Communication Skills 2013.
- Complete the course of Using Education Technologies to improve Teaching & Learning.2014.
- Accreditation & Quality improvement in Higher Education.2014.
- Continuous Education Program, College of Dentistry. 27th, May, 2009.
- Attendance of Training course in computer skills. in Fujairah 21/3/2007 till 2/5/2007.
- MOODLE Workshop held at Ajman On March 2009.
- ELECTRON MICROSCOPY. Egypt
- MOLECULAR BIOLOGY TECHNIQUES. Egypt
- PRINCIPLES OF GENETIC ENGINEERING. Egypt
- MOLECULAR TECHNIQUES IN NUCLEIC acid & proteins. Egypt.
