Profile:

Dr. Bani is a public health physician by training with over 20 years of experience in International Public Health. His teaching experience is extensive, including faculty appointments as an Assistant and Associate Professor (Community Health) at King Saud University Kingdom of Saudi Arabia (KSA), and as a lecturer at Jazeera Medical School Sudan, which is internationally recognized for its innovative community-based training. During his tenure at those academic institutions, he participated in many national training programs sponsored by WHO, USAID, and national governments of Saudi Arabia and Sudan and Iraq. In addition, he also worked as part-time faculty at the International Health Department at George Washington University, adjunct Associate Professor Family Medicine Department, University of Chicago at Illinois (UIC), and visiting Professor /Community Health at the American University Beirut.

Currently Dr. Bani is Associate Professor College of Medicine, Ajman University, UAE and an Associate Professor (adjunct) at Chronic Disease epidemiology Department, Yale School of Public Health, USA and an Adjunct Professor Global Health Department, Rollins School of Public Health Emory University, Atlanta, GA, USA.

During 2018-2020 was Associate Professor and Chairperson of Community Medicine and Health Care, Faculty of Medicine at Al-qunfudah, Umm Alqura University (KSA). He was the ex- Associate Dean for Research and Graduate Studies Faculty of Medicine, Jazan University, KSA. He was adviser in academic development and accreditation to the VP King Saud bin Abdelaziz University for Health Sciences, KSA. Dr Bani is a member of Board of Trustees for Sub-Saharan College, and EDAen University, Sudan.

Dr Bani is the member of Editorial Board for the following Journals: Editor Section Tropical Medicine Reports J. Food and Nutrition Disorders J., Sudan Journal of Surgical Sciences and Research, and Sudan J Medical education. He was a reviewer of Saudi Medical Journal and Saudi Family and Community Medicine Journal and J Harm Reduction. Moreover, he published more than 45 papers in peer reviewed journals.

Dr. Bani International experience is also extensive, including association with the Micronutrient Initiative (MI), World Bank, WHO, UNICEF, USAID, WFP and UN Humanitarian Mission in Iraq. He also worked with WHO as a consultant to evaluate regional management training programs in the Middle East and North Africa Region, and recently joined a WHO consultative group for developing Public Health Leadership and Networking. He has been a Professional Associate with the Institute of International Programs (Johns Hopkins School of Public Health) as a technical reviewer to assess Child Survival Programs funded by USAID. He was also been associated with UNHCR, to evaluate Health Manpower Needs for Ethiopian Refugee Camps in Sudan.

Grant/Clinical Trials History:

Current:

- Grant title: Strengthening Graduate Public Health Education in Sudan
Yale School of Public Health and 4 Sudanese Medical Colleges
2021/2022 USAID grant 75000\$,
Award number: SSU40020GR0028
Co- Investigator
- Grant title: Assessment of the students' perceptions of educational environment at Ajman University,
UAE,
Internal grant number: 2021-IRG-MED-1
Co- Investigator
- Grant title: Investigating the associations between various risk factors, including hyperglycemia, in people with either types of diabetes and COVID-19-related morbidity and mortality.
Internal Grant number: 2021-IRG-MED-3
Co- Investigator
- In Progress CDC Grant: Enhancing Global Health Security: Strengthening Public Health Surveillance Systems and Preparedness Globally CDC-RFA-
10 million per year 5 years project for consortium of 7 universities in UAE, India and Africa
Co-Investigator

Past Grants

- > PI Surveillance of TB among health care workers - 2 million SR (530,000\$) KACST/KAIMRC - Ongoing.
- > PI Brucellosis - a community-based study (50,000\$) - Completed
- > PI-Lyme disease sero-epidemiological study (50000\$) - Completed
- > Co-PI- KACST fund, mapping malaria risk for malaria elimination in Jazan Province, 2 million SR (530000 \$) - Ongoing.
- > Co-PI-Toxoplasmosis screening among pregnant women in Jizan region, (50,000\$) - Completed
- > Co-PI-IDD in School Children in Jazan region, (50,000\$) - Completed 2010
- > Co-PI-Hepatitis Screening in Jazan region (100,000\$) - Completed 2009
- > Co-PI-Khat and Gastrointestinal problems: a case control study (50,000\$) - Completed 2009
- > Co-PI-Health Needs Assessment in Gizan Region (100,000\$) - Completed 2007
- > Co-PI-Substance Abuse: Qat Prevalence and associated Risk Factors (100,000\$) - Completed 2009
- > PI-Hospital Associated Malnutrition, King Saud University (30,000\$) Completed 1998
- > Co-PI-Vitamin A and ARI infections: FMOH, Sudan and Harvard University (1,500,000\$) Completed 1989

Past Clinical Trials

Agency: The Micronutrient Initiative

I.D.# Protocol # 07-06-01

Title: Home Based Fortification for the Protection of Women and Children from Micronutrient Malnutrition with specific focus on anemia control

Percent effort: 20 %

Total costs for project period: \$120,000

Project period: 2005 – 2007

Invited Speaking Engagements, Presentations, Symposia & Workshops Not Affiliated With Yale: **International/National**

- 7/2022 Panelist International Symposia Public Health Surveillance, UAE
