Year Born: 15 Nov **1985**

Marital Status : **Married**

Dependents: **3** (2 sons)

## Teaching Method

Adopted teaching by practice method. Use Study cases as a practical teaching to help students formulate their opinion, stimulate analytical thinking, problem solving, and decision-making skills. The student learns by experience that he gains in class by interaction with his classmates and completing practical assignments. The class is more of a loop experience rather than one way receiving information from teacher to student; it help the student learn to work in teams. Adopted the coaching method in guiding the student towards finding out information to develop his ability to be skilled enough when he leaves to the work environment. My interest in teaching is in Arabic Language for Arabs and Non-Arabs courses.

## Education

- **Master Degree** of Art in Arabic Language - Specialization: Language and Syntax (2010/2011), Yarmouk University, Irbid, Jordan, (Very Good GPA),
