Research Grant received

External research grant

Finite element stress analysis in internal disc derangements using CBCT images – University of Science and Technology of Fujairah

Internal research grant

- Development of novel nano-zirconia, yttrium -stabilized and cerium-stabilized zirconia coating over medical grade stainless steel (316L) and evaluate its efficacy as potential dental material

- Diagnostic utility of salivary miRNA as non invasive biomarker for glioblastoma - Under Consideration

Clinical Positions

Senior clinical Instructor

Specialist in oral and maxillofacial surgery

Teaching Experience

Undergraduate:

- Clinical Oral surgery I
- Clinical Oral surgery II
- Preclinical Oral Surgery I and pain Control
- Preclinical Oral Surgery II and CPR
- Treatment plan seminar II
- Four Handed Dentistry and infection Control
- Ethics in dentistry
- Practice Management

Consultancies

- ✦ Clinical Assistant Professor , Surgical Sciences Unit , Ajman University , United Arab Emirates, 2017 up to date
- ✦ Lecturer , Surgical Sciences Unit , Ajman University , United Arab Emirates , 2007 -2016
- ✦ Member of the International Congress of the Oral Implantologist
- ✦ Member of the American Academy of implant Dentistry
- ✦ Member of Jordanian Oral and Maxillofacial Surgeons Association
- ✦ Member of Jordanian Dental Association
- ✦ Manager of dental nurse and receptionist
- ✦ Head of Infection Control Committee
- ✦ Head of Screening Department
- ✦ Organizer and speaker in Dental Implantology educational program - Organized in collaboration with Chirumed Education Services in UAE and CEC –AU, Dental Implantology Certification Course

- ✦ Participating in conferences, workshops, and organizing training programs
- ✦ Mentor new or junior faculty
- ✦ Participation in organizing several workshops
- ✦ Participate in college and university accreditation efforts
