Community Service

- Coordinator and Instructor of AU School Oral Health Program 2000 – 2019 Emirate of Ajman, UAE

AU School Oral Health Program is a comprehensive community services including classroom education, dental screenings, dental sealant placement, fluoride varnish applications, and restorative dental care for children enrolled in the Emirate of Ajman primary schools.

The program dedicated to enhancing our students' educational experience and improving our community's oral health. We do so through health education programs, and implementation of public health initiatives.

- Contributed in the Mobile dental clinic tours for dental examination of students in Khalifah Al- Hamza school, January 2020.
